

ARCHIBALD GIVES OUT STATEMENT

**Denies that He Connived
in Any Way to Break
Neutrality Laws**

CONFERS WITH ATTORNEY

**Declares He Had No Absolute
Knowledge of the Contents
of Dr. Dumba's Letter**

LETTER DELIVERED OPENLY

NEW YORK, Sept. 20.—James F. J. Archibald, the American correspondent who carried a message from Dr. Constantin T. Dumba, Austro-Hungarian ambassador at Washington, addressed to Baron von Buriel, Austrian foreign minister, which led to a request from the United States for the ambassador's recall, issued a statement here tonight, in which he denied that he had connived in any way to break the neutrality laws of the United States or was an official despatch bearer. The request for Dr. Dumba's recall was made after the ambassador's letter was seized by British authorities when Archibald was intercepted at Falmouth. On his return here today aboard the Steamship Rotterdam, Archibald declined to discuss the affair until he had consulted his lawyer and had acquainted himself, as he explained, with what had been said in this country.

No Suggestion of Secrecy.
Having conferred with his attorney, Archibald issued a formal statement.

"Dr. Dumba's letter," said Archibald, "was given to me most openly at the steamer's gang plank just before sailing. Hundreds of persons were about and there was not the slightest suggestion of secrecy. Of its contents I had absolute no knowledge. I supposed that it simply referred to my work. I feel that the very open manner in which the letter was given me shows that Dr. Dumba had no intention of using me or my passport as a shield for the transmission of any improper letter."

"I did not consciously break either the spirit or the letter of my passport or of any law, but merely did what every traveler crossing the ocean does, by carrying notes or small packages as an accommodation to friends, just as I did when I returned from Germany last year when I carried several letters and official despatches to our state department for Ambassador Gerard and packages for Mrs. Gerard and others. Of course in doing this for Ambassador and Mrs. Gerard, I did it simply as a matter of friendship, precisely as I carried the letters in this case."

Sought Letters of Introduction.
Archibald said that before leaving for belligerent territory "to do field work with armies engaged in the war he sought letters of introduction and recommendation. These letters, most of which were written in German, he said, were delivered to him at his hotel in New York."

"Feeling that there might be a strong anti-American sentiment in Germany," Archibald declared, "and not knowing to what extent that might inconvenience those traveling with me, I asked Prince Hatzfeldt to prepare me an open letter stating that I was friendly to their cause."

According to Archibald, as suggested almost word for word the letter Prince Hatzfeldt wrote, which he said he "intended to use only in the event we were subjected to any local hostile demonstration."

Did Not Know Contents.

Archibald asserted he did not know the contents of the other letters. Ambassador Dumba's letter, he said, was delivered to him at the steamer by the ambassador's secretary while the packages he carried for Count Von Bernstorff, the German ambassador, and Captain Von Papen, German military attaché at Washington, were delivered at his hotel.

Secret service men who interviewed him aboard the Rotterdam at Quarantine, according to Archibald, merely asked if he had been presented with a gold-headed cane or had been asked to deliver a cane to any one in Europe before his departure. Upon his assurance, he said that he had not, the officers asked no further questions.

SUPPLY RECAPS FRISCO.

San Francisco, Sept. 20.—The United States Naval Supply arrived today from Honolulu. T. H., with the bodies of thirteen men from the submarine F-4 on board.

Four of the bodies which had been identified were brought in separate caskets. The decomposed and dismembered bodies of nine others were brought in four caskets.

CAPTAIN MARTIN DIES.

Charleston, W. Va., Sept. 20.—Captain John M. Martin, 59, for more than forty years one of the best known steamboat men on the Ohio, Kanawha and Mississippi rivers, is dead at his home here.

MUNITIONS QUESTION WILL NOT BLOCK LOAN

**MONEY IS NOT TO BE LOCKED UP AT
ONCE IN A N. Y. TREASURE CHEST**

Banker in Close Touch with Negotiations States the Big Thing is to Stabilize the Exchange—Secretary of Commission Remains Silent.

New York, Sept. 20.—Munitions of war will not be allowed to block the proposed big credit loan to Great Britain and France nor will the \$600,000,000 or \$800,000,000 to be secured be locked up at once in a New York treasure chest, according to a consensus of opinion today of those in close touch with negotiations for raising the money.

"It would be absurd," said a banker who has been in almost daily conference with the commission, "to assume that the whole problem of stabilizing exchange and thus providing for continuance of all American exports will be halted over a discussion as to whether a credit loan should be made available for munition payments. The big thing is to stabilize the exchange; then the matter of paying for munitions automatically takes care of itself."

Exports of munitions, it was estimated, constitute considerably less than 25 per cent of the total value of American shipments to Great Britain and France, leaving them out of calculations, if provision be made for the shipment of soil products and the chief manufactured articles, exchange will, in the opinion of bankers, become stabilized. It would not then be difficult to find a method of paying for munitions, if it were absolutely necessary to adopt a different method, it is believed. Gold or American securities or both, or even some other method of payment, could be arranged. On this point the Anglo-French commission was said tonight to be substantially in accord with the views of their American associates. The commission is reported to have taken the attitude that their first task was to stabilize exchange and that the matter of paying for munitions which was said recently to have become a question of considerable variance of opinion is to be subordinated to this.

An attempt to obtain an expression of the commission's views from Basil B. Blackett, the secretary, was unsuccessful. Mr. Blackett was seen by interviewers, but declared that he had nothing whatever to say. He likewise declined to comment on any of several rumors current in Wall street today.

DUNNE IS ELECTED PRESIDENT OF THE "FAMOUS FATHERS CLUB"

**Organization Holds Meeting at the
Illinois State Fair.**

Ernest Edward F. Dunne was elected president today of the "Famous Fathers' Club of Illinois," the membership of which is comprised of male parents of ten or more children. The club held a meeting at Dunne was elected not because he was governor of the state, but because he was the father of 13 children. A. L. Bales formerly of Illinois, lost because he is now a resident of Pittsburgh, Kansas. He was a strong contender, the father of ten girls and five boys. Other officers elected were:

Vice president—Robney Meeker, Green Valley, father of nine boys and three girls; second vice-president, Michael Fagan, Ohio, Ill., father of four boys and seven girls; secretary, Wm. F. McCoy, Springfield, father of five boys and six girls; and treasurer, J. R. Blair, Chatham, father of seven girls and four boys.

ROME INSTITUTE OF AGRICULTURE FORECASTS BIG CEREAL CROP

WASHINGTON, Sept. 20.—Big cereal crops this year in nearly all countries are forecast in cable reports received at the department of agriculture today from the international institute of agriculture at Rome.

The total 1915 production of cereals in countries included in previous reports plus Canada and Asiatic Russia are estimated at:

Wheat, bushels . . . 3,134,000,000
Rye, bushels . . . 1,003,000,000
Barley, bushels . . . 1,089,000,000
Oats, bushels . . . 3,449,000,000

The 1915 production of corn in Italy, Roumania, Asiatic and European Russia, Switzerland, United States and Japan is placed at 2,292,000,000 bushels.

ISSUE CALL FOR SUFFRAGE CONVENTION

Chicago, Sept. 20.—Official call for the forty-seventh annual convention of the Illinois Equal Suffrage association, to be held at Peoria, October 28 to 30, was sent out from headquarters today.

The general topic of the convention will be "what women's votes have done and can do to better conditions in Illinois." Amendments to the constitution will come up for acceptance or rejection.

CLOSE PRIVATE BANK.

Freeport, Ill., Sept. 20.—The private bank at Winslow, Ill., owned by J. B. Fuller and his daughters, Rosalie and Margaret, closed today. Mr. Fullerton has been missing since Tuesday of last week. The bank is the only one in the village and had deposits of \$138,000.

JOHN D. JR., VISITS MINING CAMPS

**Rockefeller Que's tions
Miners About Working
and Living Conditions**

TALKS FREELY WITH MEN

**Capitalist is Apparently Greatly
Interested in Work Being
Done in Tabasco School**

VISITS BERWIND CANON

TRINIDAD, Colo., Sept. 20.—John D. Rockefeller, Jr. visited the mining camp of Berwind and Tabasco on his first day's inspection tour of the Colorado Fuel Iron company. He talked freely with the miners, went into their homes, questioning the men and their wives about working and living conditions and making suggestions to individuals for improvements. Mr. Rockefeller apparently was greatly interested in the work being done in the public school at Tabasco.

Teacher Apologizes for Children.
"They did not sing very well, sir," apologized the pretty school m'am. "You see they have just started to school and haven't had much time to learn. And then they are so little."

"They're doing fine—fine," replied John D. Rockefeller, Jr., smiling broadly. And sixty sons and daughters of Berwind and Tabasco miners of an average age of six years and of perhaps a dozen nationalities sang lustily in good United States the song in which they had been carefully drilled by Miss Edna Campbell, teacher of the first grade in the Tabasco-Berwind school.

Speaks to Students.
Then Mr. Rockefeller made a speech to the children in which he told them to study hard and obey their teacher. "And when next I come to Colorado, perhaps some of you will be teachers yourself," he added. "I have six children myself," continued the oil magnate. "Sometimes they are not as mannerly as you seem to be. Maybe I'll bring a few of them along next time I come to Colorado."

The day was spent in visiting Berwind canon, some fifteen miles north of Trinidad where the company has two big mines and a series of coke ovens. Accompanied by President J. F. Welborn and officers of the company he had a close personal inspection of the camps going into the homes of the miners and asking them a rapid fire of questions regarding their working and living conditions.

Hunts Up Dan Morelli.

Early in the round of inspection Mr. Rockefeller hunted up Dan Morelli, a coal digger, who had been elected by the men of the Berwind camp to represent them in conferences with the officers of the company. Dan had just come from the mine and his face was grimed with black dust. The two sat down side by side on the steps of the mine office and talked earnestly for perhaps twenty minutes. Rockefeller questioned the miner closely on the practical working of the scheme recently inaugurated for conferences between officers of the company and representatives of miners. The party took luncheon at the miner's boarding house at Berwind. At Mr. Rockefeller's right hand, Tom Davis, superintendent of the mine, and with coal dust ground into the wrinkles of his face, Rockefeller engaged in a running conversation with Davis and the other men at the table, meanwhile doing full justice to the beef steak and beans and mashed potatoes. After luncheon the party went to Tabasco where it was welcomed by Charles O'Neill, the superintendent.

Asks About Houses.

Rockefeller asked the miners and their wives how they were satisfied with the houses they rented from the company, how much rent they paid and whether they thought the houses were worth the money. "Why don't you have a garden?" he demanded of one Italian at Berwind. "You could fix this place up so it would look much better."

Leaving the canon late in the afternoon the party returned to Trinidad.

BELIEVES CONGRESS WILL NOT PASS LEGISLATION.

New York, Sept. 20.—A statement by Representative James Hay of Virginia, chairman of the house committee on military affairs in which he expressed the belief that congress would not favorably consider any legislation looking to compulsory military service was given out here tonight by the National Security League.

FORD TO SEE DANIELS.

Washington, Sept. 20.—Henry Ford of Detroit will see Secretary Daniels at the navy department next Wednesday. It is understood that he wants to talk about a plan he has evolved for a small submarine.

SEVERAL ARE INJURED IN BURLINGTON WRECK

**MISSOURI LIMITED CRASHES INTO
FREIGHT CAR**

Engine Goes Into Ditch—Baggage, Mail and Smoking Cars Are Overturned—Three Are Injured Seriously and May Die.

Chicago, Sept. 20.—Between fifteen and twenty persons were injured, three seriously, when the Missouri Limited of the Chicago, Burlington and Quincy railroad was wrecked at Western Springs, thirteen miles southwest of Chicago, early tonight.

The passenger train, bound for Kansas City, was passing a freight train when a car of the latter jumped the track because of a broken truck and the passenger engine crashed into it.

The Missouri Limited's engine left the rails and before turning over in a ditch tore up nearly a block of rails. The baggage, mail and smoking cars of the passenger train also were overturned. The engineer and fireman of the passenger are two of those seriously injured. The other is T. W. Eastin of Kearney, Neb.

Six of the most badly injured were taken to the Hinsdale Sanitarium nearby while the remainder of those hurt were returned to Chicago on a special train.

A partial list of the injured follows:

J. J. Keefe, engineer, may die.
H. S. Fox, fireman, may die.
T. W. Eastin, Kearney, Neb., both legs broken, face and body badly cut and bruised, may die.
G. W. Hedley, Galva, Ill., back hurt, body badly bruised.
Edward Florence, Flora, Ill., bruised about head.
James Carvagna, Milan, Mo., hips badly hurt, legs bruised.
H. R. Jones, Aurora, Ill., head bruised, legs, arm and back hurt.
G. S. Collier, Camp Point, Ill., nose and hips bruised.

SPRINGFIELD BOY WINS PRIZE IN "BETTER BABIES" CONTEST

SPRINGFIELD, Ill., Sept. 20.—Joseph Warren Joy, the best young man of his age in Illinois according to the decision of ten skillful baby specialists who looked over a large class of infants at the Illinois state fair here today. The babies were from six months to one year old. Joseph, who is the son of Mr. and Mrs. C. W. Warren Joy of Springfield, was presented with a silver cup by state superintendent of public instruction, Francis G. Blair, after it had been announced that his average was 97.5 per cent. Tomorrow 87 husky infants from one to two years old are to be judged scientifically and Wednesday the three year old class will have its day, while Friday is given over to four year olds.

PLEADS THAT AMERICA TRY TO STOP SLAUGHTER OF ARMENIANS

LONDON, Sept. 20.—Viscount Bryce, formerly British ambassador to the United States has sent to the Associated Press a plea that America try to stop the slaughter of Armenians.

"The civilized world," he says in his plea, "especially America ought to know what horrors have been passing in Asiatic Turkey during the last few months for if anything can stop the destroying hand of the Turkish government it will be an expression of the opinion of neutral nations, chiefly the judgment of humane America."

DISCLOSES FACTS CONCERNING CHARGING OF HIGH INTEREST RATES

RALEIGH, N. C., Sept. 20.—Facts concerning high interest rates being charged by National banks throughout the country, particularly throughout the southern section, were disclosed by W. P. Harding, member of the federal reserve board, in a speech tonight before the Raleigh chamber of commerce. Mr. Harding was explaining the reserve board regulation granting preferential discount rates to notes secured by staple commodity warehouse receipts provided the makers have been charged not more than six per cent interest and deposing the action of Secretary McAdoo in depositing \$15,000,000 in the southern federal reserve banks to aid in financing the cotton crop.

ARE CERTAIN HESPERIAN WAS NOT TORPEDOED.

Berlin, via London, Sept. 20.—The German admiralty is now absolutely certain that the Allen Line Steamer Hesperian was not destroyed by a German submarine. All the underwater boats which were out at the time of the disaster have now returned to their base. The Associated Press is authoritatively informed and it is stated that none of them torpedoed the steamer.

On the contrary it is said that the admiralty is convinced the disaster was due to a floating, non-German mine. As confirmation of the admiralty belief, it is pointed out that a mine painted green and white and which it is declared was not a German mine was driven ashore a few days ago on the coast of Ireland in the same vicinity where the Hesperian was blown up.

WILSON AND POLK HOLD CONFERENCE

**Discuss Mexican Problem
and Status of Aus-
trian Ambassador**

NO WORD FROM VIENNA

**Start Investigation to Establish
How Dumba's Protest Became
Public in New York**

DISPLEASED WITH LETTER

WASHINGTON, Sept. 20.—President Wilson and Acting Secretary Polk of the state department held a long conference at the white house tonight regarding the status of Dr. Constantin Dumba, the Austro-Hungarian ambassador whose recall has been requested, the Mexican problem and other international questions.

Receives No Word From Vienna.

The state department has not yet received word from Vienna as to what action will be taken regarding Dr. Dumba, though it has been learned unofficially that the ambassador plans to leave the United States Sept. 28th. It was indicated definitely again tonight that while officials were displeased with the letter of Dr. Dumba to Secretary Lansing complaining he had been treated unfairly, there was no intention of handing the ambassador his passports. State department officials have started an investigation however, to establish just how this letter became public in New York and if it developed that Dr. Dumba himself gave it out, some way of showing the displeasure of the American government may be found.

Investigation at the state department of Dr. Dumba's claim that he was not permitted to send his government his explanation of the acts which led to the request for his recall, showed that he had submitted a message a portion at least of which was not sent. In his letter to Secretary Lansing, Dr. Dumba said that his message "was rejected by your censor."

Passed on at State Department.

It was explained tonight that the dispatch was not submitted to heavy censors in charge at the Sayville wireless plant, but was passed on at the state department. A part of the message was not sent, it was said, because it was practically the same as the message sent by Dr. Dumba to the Vienna minister of foreign affairs and which led to the request for his recall.

It also was disclosed tonight that a copy of a memorandum relating to plans for calling out men employed in munition plants at Bethlehem, Pa. and in the middle-west, which was forwarded to Secretary Lansing by Dr. Dumba, was not signed, in sending the original to his foreign minister. Dr. Dumba indicated that the memorandum had been prepared by the editor of a Hungarian newspaper for Alexander Nuber von Perked, the Austro-Hungarian consul general in New York. Whether the original was signed will not be known definitely until the state department receives the photographic copy sent from London by Ambassador Page.

The point is expected to have an important bearing on whether action will be taken against the editor. Officials here do not wish to question James F. J. Archibald who carried Dr. Dumba's messages and who arrived in New York today until the photographic copies of the documents he carried are received from London. When these copies are examined at the state department it was indicated tonight they will be turned over to the department of justice.

STATE CHRISTIAN MISSIONARY SOCIETY OPENS CONVENTION

BLOOMINGTON, Ill., Sept. 20.—The sixty-first annual convention of the Illinois Christian Missionary society opened here tonight, with a service by the Christian Woman's Board of Missions.

About 1,000 delegates are present. The address tonight was delivered by Mrs. Catherine Frazee Lindsay of Springfield who discussed the "Call of Luchewfu, China to the Christian Woman's Board of Missions."

The convention will continue through Thursday.

OBREGON CAPTURES GEN. BLANCO.

San Antonio, Texas, Sept. 20.—General Lucio Blanco has been captured and is now held a prisoner in Aguas Calientes convention has "surrendered" to General Obregon at jail by General Obregon according to an official Carranza dispatch from Vera Cruz received here today.

The same dispatch declared Porfirio Gutierrez once provisional president of Mexico by election of the Saltillo.

COMMITTEE REPORTS ON CATTLE EPIDEMIC

**CRITICISES ORGANIZATION OF NAT-
IONAL ANIMAL INDUSTRY**

Dairy Council Body Also Finds Defects in State Livestock Sanitary Boards—Declares Organizations Are not Equipped With Competent Men.

Chicago, Sept. 20.—A committee appointed by the National Dairy Council met here today and formulated a report on the foot and mouth epidemic in the United States in 1914 and 1915, charging that official bodies are not equipped with competent men to deal with the situation. The report said:

"Although the deplorable fact that more than two months elapsed between the time of the outbreak of the disease in 1914 and its official recognition, may be accounted for by a sense of security born of long freedom from the disease and by a consequent unpreparedness to deal with it in an epidemic form, precipitating upon the country thereby an enormously costly loss, the council still maintains that this is not an adequate excuse."

"There is manifestly great defects in the organization of the national animal industry, in the organization of state livestock sanitary boards and in the co-ordination and the co-operation of these two various official forces."

"The Dairy Council, while disposed to give full weight from the emergency standpoint to the method of slaughter up to the point of its fullest efficiency, is deeply impressed with the fact that collateral methods and processes necessary for limitation of the spread of the disease are not being wisely nor intelligently employed."

"The bureau of animal industry and the local boards are not equipped with competent men, veterinarians and others to deal with the situation. Lack of experience and lack of fundamental training combined render this branch of the service very untrustworthy."

"The Dairy Council, in connection with the other national organizations reflecting the thought and interest of the country, is prepared to demand and to press, if necessary through congressional action, thorough re-organization of the bureau of animal industry and in particular, the creation of an executive chief in that bureau who shall be the strongest and most available stock man to whom the veterinarian forces shall be subordinate and responsible."

TWENTY ARE HURT WHEN TRACTION SYSTEM TRAIN IS DERAILED

SPRINGFIELD, Ill., Sept. 20.—Twenty persons were bruised and shaken up when an Interurban train on the Illinois Traction System was derailed early today at Woodside, Ill., about seven miles south of here. Most of the injured were occupants of a sleeping car which rolled down a fifteen foot embankment. Among them was James Bluejaet, pitcher for the Federal League baseball team of Brooklyn. He was not seriously hurt.

Carl Parkes, a colored porter of St. Louis, was the only one whose injuries made a trip to the hospital necessary. Most of the passengers were on their way to the Illinois State Fair here and their holiday finery was torn and muddled as they scrambled through the broken windows of the overturned sleeper and endeavored to climb into their clothes on the side of the embankment.

All of them were brought here in a special car today.

BELIEVE RUSSIANS HELD ON TOO LONG.

London, Sept. 21.—Commenting on Field Marshal Von Hindenburg's latest coup, the military correspondent of The Times suggests that since the recent changes in the Russian higher command the wise strategy of Grand Duke Nicholas seems to have lost favor and instead of continuing their orderly retreat, the Russians held on too long. This gave the German commander an opportunity of which he availed himself fully and the great cavalry raids of the American Civil War have been reproduced in the Vilna region.

PLACE HORROR ON TRIAL.

Danville, Ill., Sept. 20.—Alva C. Horr who shot and killed his wife in a crowded street here one year ago, was placed on trial in the circuit court today. Horr escaped after the shooting and was captured a month ago in Virginia.

BOTH REFOR TRIVICTORY.

Douglas, Ariz., Sept. 20.—General P. Elias Calles, Carranza commander and Governor Jose Maytorena, Villa chieftain in Sonora, Mexico, both claimed tonight that their forces were the victors in the fighting during the last few days in the towns and hills southeast of Nogales, Sonora.

SINK BRITISH STEAMER.

London, Sept. 20.—Announcement was made tonight that the British Steamer Horden had been sunk. The crew was landed.

The Horden was a vessel of 1,134 tons she was built in 1906 and was owned by the Burnet Steamship company of New Castle.

ATTEMPT TO CUT OFF RUSS RETREAT

**Army Which Defended
Vilna Is in A Danger-
ous Position**

MOVE AGAINST SERBIA

**Germany Sends Men and Guns
to the Assistance of Austria
—Silence Serb Artillery**

MACEDONIANS MOBILIZING

LONDON, Sept. 20.—Of the many big battles fought on the eastern front during the past five months, few, if any, have been fraught with such importance for the apportioning of the spoils as that now in progress on the east and south of Vilna where the German field marshal, Von Hindenburg, is attempting to cut off the retreat and destroy the Russian army which defends that city.

Throws Little Light on Progress.

The German official report issued today throws little light on the progress of the operations, simply stating "the attack against the enemy retreating from Vilna is proceeding."

Petrograd continues to place confidence in the Russians. In the opinion of military writers they are in a dangerous position. It is quite likely, however, that they got their artillery away before the Germans moved across the railways, as the evacuation of Vilna was decided upon weeks ago.

Prince Leopold of Bavaria, also is approaching the railway to the south-east of Lida, having reached the district of Dworze which is immediately west of the road skirting the Pripet mountains and running to Rovno.

South of the Pripet, the Russians still control the situation and keep on harassing the Austro-German armies in Volhynia and Galicia. Although presumably Germany has her hands full in driving the Russians back, she has found men and guns to go to her allies assistance against Serbia and the German official communication announces that German guns have taken up the fight against the Serbian artillery across the Danube and claims to have silenced it.

Bombardment Becomes Mutual.

The bombardment with heavy guns has become mutual in the west, both sides maintaining an almost continuous fire while the British fleet is making matters lively for the Germans on the Belgian coast. There are no signs as yet of a general offensive, however, and another winter in the trenches may be looked for as assured.

Intense interest is taken in the Bulgarian situation and the efforts of the opposition parties to induce the king and government to depart from the path of neutrality and join the entente powers. It is believed, however, that despite denials, the railway agreement with Turkey binds Bulgaria to maintain a benevolent neutrality toward Turkey and the German powers.

Mobilize Macedonians.

Paris, Sept. 20.—Despatches from Sofia, Bulgaria, announcing the mobilization there of troops made up of residents of Macedonia have caused another complication to be introduced in the Balkan situation which already was tense through the presentation by the entente allies of the joint note requiring Bulgaria to define her attitude.

The mobilization of Macedonians has caused surprise and indignation in official and diplomatic circles here, as it is declared that the whole purpose of the present negotiations between the allies and Bulgaria and Serbia is to determine whether Macedonia belongs to Bulgaria or Serbia. That Bulgaria should mobilize Macedonians while the future of Macedonia was still at issue is declared in the highest Serbo-Greek quarters to be an affront to the allies and the other Balkan states.

WEATHER FORECAST AND TEMPERATURES.

WASHINGTON, Sept. 21.—Illinois—Fair and cool Tuesday; Wednesday fair with rising temperature.

Temperatures.

THE ELECTION TODAY.

Election day is at hand and the fate of the commission form of government will be decided between the time that this paper is read and five o'clock this afternoon. It is too late to present any new argument upon the question for most voters have made up their minds and have settled convictions.

Certainly it is the duty of all citizens to express their views on a question of such vital and intimate importance. Women who now have the right of franchise should not fail to exercise it. If they desired this right, their duty is plain. If the ballot was given without their seeking, the duty is none the less plain.

The Journal has urged and does his morning urge the people to mark their ballots "No" in this election today.

A "no" vote will mean that you believe in giving the commission form of government further trial.

A "no" vote will mean that you are not in favor of recalling Mayor Henry J. Rodgers, Commissioners Jerry Cox, J. Edgar Martin, Joshua Vasconcellos and William F. Widmayer.

A "no" vote will mean that you believe these officials will give the city an honest, business like administration if they have the chance.

A "no" vote will mean that you believe voters should retain the right to vote on all franchises.

A "no" vote will mean that you have confidence in Jacksonville and believe switching about from one form of government to another now will simply mean a general municipal mix up, fatal to progress and the general well being of the city.

Vote "No" today, for Jacksonville.

Canadian Churches Unit.

Advocates of church unity in the United States are watching with keen interest the progress of unity plans in Canada. These are more radical than any yet attempted, and involve the Methodist, Congregational and Presbyterian churches. Consummation of the plans means the end of the three bodies and presents something new in church management.

Methodists and Congregationalists have definitely committed themselves to the proposition. The Presbyterians are considering the movement, and its success will depend on the action of the next general assembly of that church.

It is proposed to call the united body the United Church of Canada. That some Methodist show dissatisfaction with the plan is reported. These members claim that the combined missionary and other agencies will suffer loss through the amalgamation. More than 1,500,000 communicants are involved and the annual gifts exceed \$8,000,000.

As Mr. Hill Sees Situation.

There are some differences of opinion with reference to the propriety of the financiers of the United States floating the great loan that the English and French governments are seeking, but there will be a general agreement with the statement made by James J. Hill, who is lending his influence to providing this loan. In addition to his declaration that unless the United States makes this loan, the European governments will seek and secure it elsewhere and then transfer their trade to that country, Mr. Hill makes this significant statement: "We must bend our study to the gigantic new task of maintaining a proportional adjustment of the finances of the world. Undoubtedly some readjustment of our tariff duties must be made in recognition of profound industrial changes. These cannot any longer be made the sports of parties and the prey of private interests. The wisdom of real statesmanship must supersede the petty play of party ambition and the ruinous selfishness of great interests. If during the war it is the nations of Europe that are being put to the supreme test, after the war is over it will be our own country that will be put to this test."

Ministers and Business.

Rev. Newell Dwight Hillis, noted Brooklyn divine, shocked his audience Sunday when he prefaced his sermon by a statement in which he confessed that a longing for wealth and power had brought him to the brink of poverty. The minister declared he had made huge sums of money in recent years and that it would take all to clear him from his entanglements. The announcement was the culmination of a series of newspaper articles which had set forth some of the financial dealings of the eminent pastor. Saturday a damage suit for \$50,000 was filed

Vote "NO" for Jacksonville at the Election Today. No sound argument has yet been heard why a change to the old form of government should be made now.

against him by his nephew, Percy L. Hillis, and while no details have been given, it is understood that financial transactions are the basis of this suit.

Judged by many notable examples, one of the greatest truths uttered by Dr. Hillis in his "confession" is, "I have concluded that a minister should confine his efforts to his own calling."

Many instances are recorded where ministers have caused trouble for themselves and their friends by venturing into speculative propositions. While there are some notable exceptions, it seems to be true that the average minister is not a success in business, particularly of a speculative type. The average minister in business affairs is somewhat visionary and he is too much inclined to place confidence in men who are not worthy of confidence. The minister's experience, everyday life, and reading, as a rule do not qualify him especially for business and his contact with men is not such as to make him a judge of their business vision. It should be said in defense of the minister, however, that while Dr. Hillis' trouble according to his own statement has been based upon an inordinate desire for wealth and power, that a great many ministers are turned toward speculative business because of the insufficiency of their salaries to meet the growing expenses of modern life. The best rule seems to be for the minister to devote himself to church affairs and for the salaries paid are equal to the expense of the present and large enough for the days of ministerial old age.

GOLDEN ANNIVERSARY IS REMINDER OF LIFE WELL SPENT IN SERVICE

Rev. and Mrs. Frank Read, Sr., Married Sept. 21, 1865, have Done Much to Aid Lot of Deaf Men and Women.

In the observance today of their golden wedding anniversary, the Rev. and Mrs. Frank Read, Sr., will celebrate, not the completion of fifty years of married life only, but the usefulness and service of lives devoted to helping the deaf, and ameliorating in many ways the lot of those deprived of speech and hearing. Mr. and Mrs. Read were married Sept. 21, 1865, at Alton. They came straightway to Jacksonville and have made their home in the same house, 222 Sandusky street. Mr. Read was born Dec. 11, 1840, and for thirty-seven years was active as a teacher. His work as gospel minister extended over eighteen years and for thirty years he did pioneer work in journalism for the deaf as editor of the Deaf Mute Advance. Editorial and pastoral duties were carried on along with his teaching and Mr. Read impaired his health to such an extent that fifteen years ago retirement from regular work became imperative.

Mrs. Read has not been far behind in point of service for the deaf. Her activities among the deaf mutes of Jacksonville have always been noteworthy and today she teaches a Sunday school class at Grace M. E. church and is leader of the Ladies' Aid society for the Deaf.

Miss Cassie Smith was born in Alton 71 years ago, the daughter of Mr. and Mrs. Utten Smith. She received her education in the Illinois School for the Deaf, as did her future husband, Mr. Read.

Of four sons born to Mr. and Mrs. Read, three are engaged in teaching in schools for the deaf. Elmer Read is in the Pennsylvania State school at Wilkesburg. Utten Read has a similar position at Indianapolis, and Frank Read, Jr., is in the state school for the deaf at Bismark, N. D. J. Philip Read is teacher of pipe organ in the Illinois College conservatory and his abilities as singer and musician are well known.

The Deaf Mutes' Register of Rome, N. Y., some ten years ago has this to say of Mr. Read's religious work: "In 1879 Mr. Read organized and incorporated the Northwestern Deaf Mute association to promote the spiritual welfare of the deaf. Thirteen years later he was ordained in the Congregational church and began his additional labor of preaching to the deaf in neighboring cities. Later three interdenominational churches for the deaf were formed, at St. Louis in 1889, at the tri-cities of Davenport, Rock Island and Moline, in 1892, and at Jacksonville in 1896."

ENGINEERING WEEK AT FRISCO EXPOSITION

San Francisco, Sept. 20.—The most noted civil and mining engineers of all nations are gathering at the Exposition today for the International Engineering Congress, which extends until Saturday. The principal guest is Col. George W. Goethals, governor of the Panama canal, and builder of the new waterway which connects Atlantic and Pacific Oceans. Col. Goethals will resign this month as executive at Panama, having completed his engineering work and made his recommendations for fortifying the canal. Other engineering experts from North and South America will be guests of the big congress here.

Four governors of western mining states will attend. They are Governors Boyle of Nevada, Spry of Utah, Lister of Washington and Johnson of California. These executives are particularly interested in the mining engineers' accomplishments which will be lauded. Five of the world's greatest engineering societies are represented at the Exposition this week.

SEWAGE QUESTION CONSIDERED AT COUNCIL SESSION

City Made Party to Action Brought By Earl Lewis on Account of Personal Injuries—Well Testing Work Advances Rapidly

At a meeting of the city council Monday morning considerable time was devoted to the discussion of sewerage problems and to the advisability of making underground pipe connections before paving is laid. The discussion resulted from a complaint filed by Charles Rataichak with reference to sewer back water at the Pacific hotel building and from the statement made by Mr. Vasconcellos with reference to connections on South Main street.

Following the usual routine business a petition was read by the clerk from a number of South Main street residents owners asking that some change be made in the sewer there to prevent back water from damaging their cellars. The property owners who filed the petition live north of Morton avenue and it is their contention that the sewer grade is such that at the time of heavy rain the sewer cannot carry off the water. They believe that if the water were permitted to flow on the surface of the pavement to the brook that this difficulty would be righted.

Mayor Rodgers said that nothing could be done about the matter until the engineer had investigated and made a report, and that it was possible that a change could be made when the new pavement was put down. Mr. Cox and Mr. Widmayer reported that various residents of South Main street had talked with them about this matter. It was the order of the council that the engineer investigate the question by making the necessary levels.

Arbitration Board Case.

An official communication signed by M. V. Connolly, secretary of the state board of arbitration, was read. This notice stated that at the request of John M. Butler, attorney for M. V. Connolly, that a hearing before the commission would be held at the court house in this city Friday, Sept. 24th. Some new points of law will come up for settlement at this hearing. It seems that Earl Lewis who is the complainant in the case was in the employ of the city at the time of his injury a few weeks ago. He went with one or two other employees to the La Crosse lumber yard to get some lumber and while assisting in loading this lumber, a pile of lumber fell on him and both legs were broken. It is a question now as to whether he is entitled to compensation because injured while in the employ of the city or whether whatever costs and damages are paid shall come from the La Crosse Lumber company.

Mr. Vasconcellos reported work in progress in connection with the water department. He said that the intake at the west side reservoir and the valves connecting the water main with the steel tank had been placed in condition and it is the intention soon to drain the reservoir and clean it. The tank can be used for storage purposes and provides a much better pressure, especially in the west part of the city. Mr. Vasconcellos said that it had been found possible to force water by means of the centrifugal pump to the tank. He said that there was some difficulty in pumping into the tank because of the pressure, which must be pumped against, owing to the indirectness of the main and the varying sizes. He said that later on if a ten-inch main could be connected directly with the pump and constructed thence to Walnut street and west to Diamond and give a rather direct connection with the tank, and all of on size, that the pressure would be greatly improved.

Plats Soon Ready

Mr. Vasconcellos mentioned that there had been some delay in preparing proposed plat of water service because a number of valves are so far underground that there had been some difficulty in locating them. This plat is soon to be ready, however, and a plat showing the city's poles, wires and lamps will also soon be in readiness.

The commissioner said that in reviewing a considerable saving could be made, as in the past when a new light was placed it so happened that wire was not used according to the most economical plan.

The question of insisting upon water taps and all other underground work before the paving is laid on North Main street had considerable discussion, and it was again emphasized that property owners shall have the opportunity of connecting up without the usual charge for opening a pavement. Supt. Miser of the railway and light company was present and said that he would be glad to see to it that all gas connections were made. An ordinance is to be drafted making it obligatory for water and sewer pipes to be run at points inside the curbing at a distance of every fifty feet in order to provide for possible future improvements without disturbing the paving.

Sinking Test Wells.

Mayor Rodgers and Mr. Vasconcellos stated that the prospecting work at the north side plant is moving forward very rapidly. Mr. Weiss who is here as a representative of the Layne-Bowler company, has some rather insignificant equipment but is able to bore holes very rapidly and already has three sunk to a depth of seventy-five feet. The company places such confidence in the log that he keeps that based on such boring records they are willing

to contract for the amount of water that the machinery will pump.

Charles Rataichak, one of the owners of the Pacific hotel building, was present to make a protest because of the city sometime ago caused a connection to be made with a Pacific hotel private sewer and in times of heavy rains this sewer is not large enough to carry off the surface water and it backs up into the hotel basement. Mr. Rataichak believes that the places where water now flows into the sewer should be closed up and the water carried on the pavement surface. Mr. Cox had already investigated the complaint and did not see how any relief could be given to Mr. Rataichak, and said he believed that the trouble was because of defective sewer connections inside the building. The question was referred to Mr. Cox and the city engineer to investigate and report. Some other matters of business were discussed and the council then adjourned.

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to S. S. S. Co., Atlanta, Ga.

LODGE ALLEGED SLAYER OF TEXAS RANCHMAN IN LAREDO JAIL

Former Captain in Huerta's Army is Arrested on Charge of Horse Stealing—Much Interest Attaches to Case.

Laredo, Texas, Sept. 20.—Apolino Rodriguez, former captain in Victoriano Huerta's Mexican army, was lodged in jail here today by Texas rangers on a charge of stealing thirteen horses from Clemente Vergara, a Texas ranchman, in February, 1914. This case, in which Vergara lost his life, caused much interest at the time.

Vergara, it is alleged, was enticed by Mexicans to an island in the Rio Grande on February 13, 1914, by the statement that he would receive payment for 13 horses stolen from his Texas ranch. Vergara was kidnapped when he reached the island and later killed and buried on Mexican soil. Apolino Rodriguez, a Huerta captain at Nuevo Laredo at the time, was charged with the crime by Texas authorities but despite their efforts his arrest was never secured on Mexican soil.

After the governor of Texas had requested without result that Vergara's body be returned to Laredo, Texas, for burial, eight Americans whose identity have not been made public, crossed the river on the night of March 6th, 1914, exhumed the body and returned it to Texas for burial.

Texas rangers, it is said, have watched Rodriguez' movements since that time and finally he was arrested in El Paso last Friday. While he is charged with horse theft, much interest attaches to the case in view of the charge that Rodriguez was the murderer of Vergara, an American citizen for whom Texas demanded punishment at the hands of Mexican authorities and which demand was ignored.

GRAND JURY TAKES UP SHOOTING OF BISHOP

Winona, Minn., Sept. 20.—The grand jury will today convene to probe the circumstances in the shooting of Bishop Patrick R. Heffron of the Winona diocese of the Catholic church. Fr. L. M. Lesches, the priest who on August 27th sent two bullets into the prelate while the latter was celebrating mass in a private chapel, is believed to have been temporarily insane. Bishop Heffron is nearly entirely recovered from his wounds.

The shooting caused a big sensation, although many believed that Fr. Lesches was mentally unbalanced. The bishop was told of the suspicions that Fr. Lesches was not in his normal senses, but it is said that Bishop Heffron refused to believe that to have been the cause of the mental derangement of Lesche. He worried and lost his health, and on failing to secure an appointment, attributed this circumstance to the bishop. The unfortunate priest has declared that he did not remember the events leading up to the shooting. He said the first he remembered was the flash of a gun and the groans of the bishop.

INVESTMENT BANKERS

AT DENVER
Denver, Colo., Sept. 20.—A report by a special committee to consider rural land credits will be one of the important points of discussion before the Investment Bankers' association convention, which opened here today. The protection of railroad bonds by sinking funds is another chief topic which will be handled by able speakers from various parts of the country. Lewis B. Franklin, vice-president of the Guaranty Trust Co., of New York, will present his views on protection of railroad bond holders. Mr. Franklin is slated for election as president of the association. Former President Caldwell will speak on publicity in its relation to the investment banker. Former Senator Burton of Ohio will speak on the effects of the present conflict upon rates of interest and of the investment business. The investment bankers will continue their session tomorrow and Wednesday.

ACCOUNTANTS JOIN WITH CANADIANS

Seattle, Wash., Sept. 20.—The annual convention of the American Association of Public Accountants opens here today, with delegates present from nearly every large city in the United States. A feature of this year's meeting will be a joint session with the Canadian Association of Chartered Accountants. The Canadians will hold their annual meeting at Vancouver during the week and the joint session will bring together the pick of accountants on the North American continent.

BILLIARD LEAGUE

CHICAGO OPENS SEASON
Chicago, Sept. 20.—With four games between strong contenders for the interstate three cushion championship on the schedule for tonight, the Interstate Three Cushion League opens its season. The league represents fifteen cities, with twenty five players. The schedule provides for 600 games of 50 points each, to be played in cities from Boston to Milwaukee. Charles Ellis the champion of last season, is playing Harry Davis of Pittsburgh. August Kleckhefer, the champion of two years ago, who lost out last year in the play-off of his tie with Ellis, has forsaken his native city, Milwaukee and now plays for Louis Hensinger of Chicago.

VILLA PROMISES PROTECTION.

Washington, Sept. 20.—General Villa today authorized his Washington agent, Enrique C. Lorente, to issue a statement promising protection to Americans and other foreigners in Mexican territory controlled by him.

BAYLIS COUPLE ELOPES.

Quincy, Ill., Sept. 20.—Walter Funk and Miss Nina Lowe of Baylis, Ill., eloped today and were married in Hannibal, Mo., by a justice of the peace.

PROSPECTS FOR OVER ONE HUNDRED IN FRESHMAN CLASS

First Registration Day at Illinois College is Most Gratifying—Thirty-five Report for Football Practice.

From the figures of the first day's registration at Illinois college, the attendance this year gives promise of being unusually good. The Freshmen class looks as if it would be beyond the one hundred mark. Several of the pupils already registered came from a wide area of territory. There will be five boys housed in the south side of Crampton hall, all from Granite City. They are Messrs. Lewis, Gaylord, Huxel, Deterding and Lueders. All are new students in the Freshmen class except Deterding who was here last year and is a member of the sophomore class.

There are six students who come from Belleville, among the number being Mr. Gummerscheimer, Miss Gummerscheimer, Miss Pessel, Mr. Zink and Mr. Blum.

First Chapel Exercises.
The first chapel exercises will be held Wednesday morning at 9 o'clock. Pres. Rammelkamp and Dr. R. O. Post will speak briefly, Miss Wilson will sing and Mr. Beebe will give a cello selection. The public will be invited to these exercises.

35 Out for Football

Coach Harmon's first call for football practice brought out thirty-five candidates, which did not include some of the old men who were not in uniforms. Athletics start off with a big rush and Coach Harmon is much pleased with the initial appearance of the men. There is a probability that Clay Killbrow, all state high school full back last year, will enter Illinois college and wear an I. C. football uniform. "Killy" needs no introduction to the football fans, either at home or abroad, and the word "star" is no misnomer in speaking of his ability on the gridiron.

ILLINOIS COLLEGE

CONSERVATORY OF MUSIC
Registration at office of Director Kritch, Academy Hall, Monday and Tuesday, Sept. 20 and 21. Students wishing to reserve time for instruction in piano, organ, violin, voice, cello, theory, etc., should register on these days.

SHORTER DAY FOR MORE OIL WORKERS

Bayonne, N. J., Sept. 20.—Following the lead of the Standard Oil Co., which last week established the eight hour day for its workers, the Tidewater Oil Co., today gives its men the eight hour day in all departments. This means employment for 400 extra men. The Tidewater was known as a subsidiary of the Standard until the dissolution was ordered by the federal authorities.

ILLUMINATING EXPERTS MEET.

Washington, D. C., Sept. 20.—The annual convention of the Illuminating Engineering society will open here today, with experts on artificial and natural lighting in attendance. For four days the problems of public and private lighting will be discussed, and all phases of the light question will be threshed out. Dr. A. S. McAllister, president of the society will preside.

PROTEST AGAINST LOAN.

Cleveland, Ohio, Sept. 20.—The Cleveland branch of the German-American alliance today sent a protest to President Wilson against the proposed British-French loan. "A year ago," the protest says, "the president considered a loan by American institutions to France a violation of neutrality."

REGARD CONTINUANCE OF WORK IMPRACTICABLE

Boston, Sept. 20.—Continuance of missionary work in Eastern Turkey where Armenian massacres have occurred is regarded as impracticable at this time according to a cablegram received by the American board of commissioners for foreign missions.

ERB'S CONDITION FAVORABLE.

New York, Sept. 20.—The condition of Newman Erb, the railroad official, who accidentally took poison tablets last Tuesday, was said to be very favorable at his summer home at Deal, N. J., tonight. Mr. Erb is now passing through the critical period.

WHITE AND MANDOT TO FIGHT.

New Orleans, La., Sept. 20.—Local fight promoters today stated they have contracts signed by Charley White of Chicago and Joe Mandot of this city, light weights, for a ten round bout here November 1st, and that Willie Ritchie has signed to meet the winner of the White-Mandot match November 25th.

FOREIGN CORRESPONDENCE

(By The Associated Press.)

Alexandria, Egypt, Sept.—The latest throng of refugees to be brought here from Beirut by the United States collier Caesar state that the economic distress in Syria is becoming more acute every day. Lack of transport is in part responsible. Improper fuel has burnt out the locomotives, so there is only one train a week between Beirut and Damascus and the Aleppo-Rayag service has been reduced to one train every three days. Meantime the number of horses, mules and camels is constantly reduced by commandeering. Outbreaks are feared as the result of famine. There is a credible rumor that the Turks are cutting down olive trees for fuel. Many of these trees are centuries old, and their loss will bring further miseries after the war is over.

The Syrian Protestant College, an American institution, not only has had the compulsory teaching of Turkish imposed on it by Djemel Pasha, but the refugees say Turkish is also

HATS

in the soft and stiff shapes are now ready and we would ask you to see the "Tomlinson" \$2.00 Special in all colors.

T. M. TOMLINSON

made the principal language of instruction.

London, August 30.—There is much mystery, and a good deal of anxiety, about the fate of the British prisoners taken by the Turks in the Dardanelles. According to the British official casualty lists, about 7,000 officers and men are missing, the Turks in their communiques rarely claim to have taken prisoners.

Dunkirk, France, Sept.—At Newport Hospital considerable alarm

was caused recently by an outbreak of fire on an upper floor, and the nurses began with great energy to move the patients to a place of safety. In the midst of the tumult one of the nurses who was trying to lift a wounded Belgian soldier called out sharply for someone who could speak English.

"I can," shouted a voice, "What can I do for you?"

Without ceremony she handed the patient over to his charge, explaining in quick English what she wanted done with him. She did not learn until after order was restored that her orderly was King Albert, who had arrived with the Queen at the moment of the fire.

Paris, Sept.—Charitable women have organized an art school in the Boulevard Suchet for daughters of officers killed in the war. Daughters of officers decorated with the Legion of Honor are entitled to free education at Saint Benis, Ecouen and Loges, to the number of 400. There are places for 400 more paying pupils at the rate of 1000 francs yearly. These institutions not only have inadequate space, but cannot furnish the needed facilities for art students. A considerable number of daughters of officers studying art before the war have been deprived of all means of continuing their studies.

Why's "Gets-It," for Corns, Like a Kiss?

Because Everybody Tries It, Every-
body Likes It, It's Painless and
Takes But a Moment
to Apply.

"Gets-It" is the wonder of the corn-
pestered world. Millions say so, be-
cause millions have used it. That's
what makes it the biggest selling

"Never in My Life Saw Anything Act So
Quickly and Magically as 'Gets-It'!"

corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of.—take it right off "clean as a whistle." Apply it in 2 seconds.—put your stocking and shoe right over it.—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and scissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recom-
mended as the world's best corn cure

OUR BIG DAY

Everybody Came to See Us.

In response to recent notices wherein Professor Munyon guar-
anteed to refund the money in every
instance where his remedies fail to
give satisfaction, people with all
sorts of ailments called for all sorts
of his remedies. The big demand,
however, seems to be for his Paw-
Paw Laxative Pills. They're cer-
tainly giving satisfaction. One ben-
efited person tells another of their
curative qualities, and so the de-
mand increases. Professor Munyon
wants us to continue to impress
upon every person who suffers with
stomach or liver ailments, and par-
ticularly all constipated people, to
try Paw-Paw Laxative Pills. He
says they correct indigestion and
school the bowels to act every day
in a natural way. If your complex-
ion is bad, if you have dizzy spells,
if you are bilious and if you have
impure blood, get a bottle of these
Pills, with the understanding that
if you are not satisfied your money
will be returned. No griping, no
weakening effect, just a pleasant,
natural movement every day. You
get well almost unconsciously. Pro-
fessor Munyon warns the public
against the use of the old-fashioned
cathartics, which scour and dehu-
cate. If you have an ache or pain of
any kind, you better come in and try
one of Munyon's Remedies. Also don't
forget that we are carrying his Witch
Hazel Soap, the best toilet soap ever
sold at 10 cents a cake.

SPIRITED ELECTION WAS HELD AT JACKSONVILLE HIGH SCHOOL

Literary and Athletic Associations
Name Officers for the Ensuing
Year.

The Jacksonville High School Lit-
erary and Athletic Association elected
the following officers Monday
morning:

President—Robert Smith.
First Vice-President—Glidden
Reeve.

Second Vice President—Dorothy
Smith.

Secretary—Hazel Widmayer.

Editor in Chief of Nautilus—Wil-
liam Bartlett.

Literary Managers—Forum:
Edith Rodgers, Adelphi, Albert De
Witt.

Nautilus Business Manager—John
Collins.

Athletic Manager—Byron Carpen-
ter.

Musical Directors—Adelphi:
Helen Bennett; Forum: Mabel Watt.

Faculty Officers.

No election was held on the fac-
ulty officers which are as follows:

Treasurer—Paul E. Morrison.

Literary Manager—Miss Cowdin.

Miss English.

Nautilus Manager—Elizabeth
Russell.

Athletic Manager—T. P. Carter.

Musical Directors—Adelphi: Good-
rick and Fred Goodrick.

The election was held at 9:30
o'clock and the Australia ballot sys-
tem was used. No little enthusiasm
was made in the nomination and the
opposition while orderly was of the
keenest variety. The election was
really a victory for the Junior class,
there being practically two independ-
ent tickets in the field. Nomination
speeches were spicy and the actual
voting consumed forty-five minutes.
The results of the election were
made after school convened in the
afternoon and the announcement
brought forth as storm of applause.
Many of the candidates both winners
and losers, made speeches.

The candidates and votes each re-
ceived follows:

President—Robert Priest, 275;
John Martin, 87.

First vice president—Glidden
Reeve, 304; Byron Carpenter, 48;
Edward Tomlinson, 24.

Second vice president—Dorothy
Smith, 331; LeFount Andrews, 39.

Secretary—Hazel Widmayer, 238;
Esther Davis, 109; John Martin, 30.

Editor-in-chief of Nautilus—Wil-
liam Bartlett, 314; Catherine Carter,
31; Dorothy Rogers, 23.

Literary Managers—Adelphi Brown,
57; Albert DeWitt, 155; Esther
Davis, 129; Catherine Carter, 53;
John Collins, 86; Glidden Reeve, 31;
Edith Rodgers, 195.

Nautilus business manager—John
Collins, 182; Edward Tomlinson,
180; Fred Leach, 13.

Athletic manager—Byron Carpen-
ter, 197; LeFount Andrews, 160;
Fred Leach, 17.

Musical directors—Helen Bennett,
209; Mabel Wyatt, 240; Frances
Leck, 104; Jeannette Miller, 37; Le
Fount Andrews, 17.

TO ATTEND CYCLE SHOW.

A. R. Myrick will leave for Chicago
tomorrow to attend the fourth
annual motorcycle, bicycle and ac-
cessories show which is now in pro-
gress in the coliseum there. The
exhibit will be the largest and most
interesting of its kind ever held in
the United States and will continue
all through the week. Every inch of
floor space in the big coliseum
has been taken by exhibitors. Man-
ufacturers and dealers from every
state in the union will exhibit and
the factories and business houses of
Chicago and the middle west are
especially well represented.

One particular interesting exhibit
among new bicycle appliances will
be the cyclomotor. This device fast-
ened on an ordinary bicycle trans-
forms the machine into a motorcy-
cle. This is the first time the cy-
clomotor has been shown in Chicago.
It is a new device and origina-
lized at \$500,000 has just been
organized to manufacture it in the
United States. The motor is a single
cylinder, two cycle, high-speed type.
It develops a speed of twenty miles
an hour. The device, it is said, will
retail in the United States at \$50.

TOOD SUPPER AT PARK.

The King's Daughters, a Sunday
school class of Brooklyn M. E.
church, taught by Miss Maud Mc-
Neill, enjoyed supper at Nichols park
Monday evening in honor of Miss
Faye Akire of Bloomington, who is
visiting in the city. Miss Akire ex-
pects to leave this morning for her
new home in Sugar Land, Texas.
The supper was greatly enjoyed and
all report a splendid time.

WILL ATTEND CONVENTION.

The Rev. and Mrs. Myron L. Pon-
tius, Miss Mary Dewese, Miss Lydia
DePew, Mrs. Walter Rice, Mrs. Geo.
Harney, Mrs. George Peck, Mrs.
Nannie Rawlings, C. L. DePew and
Miss Ethel Pank expect to leave this
morning for Bloomington to attend
the state convention of Christian
churches. The sessions opened
Monday and will continue four days.
There are 800 Christian churches in
the state and each one sends dele-
gates to this convention.

LAWRENCE GOVEIA SICK.

Lawrence Goveia was taken sud-
denly ill Sunday night and is con-
fined to his home on Caldwell street.
Mr. Goveia had made arrangements
to leave for Champaign Monday to
enter Illinois University. He was re-
ported better Monday afternoon and
probably will leave to take up his
studies some time this week.

MRS. STRAWN INJURED BY FALL.

Mrs. Harry Strawn, of Strawn's
Crossing, formerly Miss Edith Whit-
ner, had the misfortune to slip and
fell Monday morning and break some
bones in her ankle. She attempted
to lift or empty a tub when her foot
slipped on the wet floor and fell in
such way that the injury occurred.

REV. J. L. CHRISTIAN WRITES TO CONGREGATIONAL CHURCH

Tells Something of the Scope of the
Work in Which He is Engaged—
Hospital Activities Open Field for
Religious Effort.

At a recent meeting of the congre-
gation of the Congregational church
a letter was read from Rev. Leonard
J. Christian, superintendent of the
Fochow Missionary Hospital. Rev.
Mr. Christian is maintained in the
foreign fields by the Congregational
church here. The letter was ad-
dressed to B. W. Smith as follows:

Fochow, China, July 30, 1915

Dear Friends:

I had hoped that before, this, my
response to the good letter of brot-
her Smith and your many kind words
of greetings to us, would be on its
way but Mission Meeting interrupted
plans and gave me plenty to occupy
my time since then. In the absence
of our regular corresponding sec-
retary, Rev. C. A. Neff, I was asked
to act and carry out the office. It
not only meant taking down all busi-
ness transacted, but the compiling,
editing and printing of all votes
and actions taken during our six
days of conference and sessions.

Before making further remarks on
Mission Meeting, I want to thank
you most heartily for the deep inter-
est you continue to take in this work,
as manifested by the response made
at your last Mission Sunday's appeal.
God will richly bless you for the part
you are taking in advancing His
Kingdom among this people. I feel
I can sincerely say there is no greater
opportunity in any heathen land
to-day than we find here in China;
no people who are more willing to
hear and receive the Gospel than
the Chinese. And so I congratulate
you along with ourselves (my wife
and myself) that we are permitted
to have a part in this grand work.

Returning to the annual meeting.
You will rejoice with us, I am sure,
to hear that by special vote the Mis-
sion joins with Mr. and Mrs. Chris-
tian in asking for their furlough to
begin June 1916. My wife's fur-
lough naturally comes at this time
and the Mission feelings that, ow-
ing to the fact that a number of mis-
sionaries' furloughs come due a year
later, for the good of the work, we
had better take our furlough in
1916 so as to be back when others
of our workers leave. We will be
with you in another twelve months.

We are a big organization here and
still growing bigger all the time. It
was an inspiration to hear reports
given of every branch of the work
and from every station and out sta-
tion, the discouraging as well as the
encouraging. It was by this mutual
exchange we were lifted up and
made glad we were his co-laborers
here. We have a far flung battle
line and find there is "lovely fight-
ing all along the line." Our trena-
ries run in zigzag lines far up thru
the Min Valley beyond Shaowu to
the Kiang Si border on the West and
to the Sea Coast on the East. We
work among the mountain hamlets,
in the large villages and cities of
the plain and in the many fishing
centers along the sea board. Re-
ports given show that our congrega-
tions in all the centers have been
growing, that the numbers of stu-
dents attending our school are greater
than ever before in the history of
the Mission and that our Medical
work has reached its highest point
in the numbers of treatments given.
The Fochow Missionary Hospital
which has been my special interest
these past two years and which will
continue to take up my time till
June 1916, is the largest hospital in
this Province and one of the largest
in South China. By Jan. 1, 1916
we shall have given in the neigh-
borhood of forty thousand treat-
ments. The evangelistic work con-
nected with the hospital has been
most encouraging and results most
gratifying. We maintained an aver-
age attendance in the hospital Sun-
day School of 111 and most of these
youngsters from heathen homes.

When they came to us they had never
heard Jesus' name before, could
not answer a single question with
regard to the higher life, in fact
were absolute heathen. At a re-
cent review examination, after five
months of Sunday School teaching,
one girl received as a reward a New
Testament for answering seventeen
times correctly, others answered
seven, eight and nine. I gave over
two hundred picture cards for a
special inducement to learn Bible
verses and Sunday after Sunday
from twenty to thirty heathen
youngsters got up and recited Golden
Texts. It surely is worth while.

The physical equipment of the
hospital has grown apace. We have
been doing much toward making for
the comfort of the patients. Elec-
tric lights have proved a big help
and since May we have enclosed the
down stairs wards, dining room and
kitchen with wire screening. On the
same street facing the hospital we
have finished purchasing a piece of
land on which some day, in the
not far distant future we want to
erect another wing to our present
large building. The contract for
painting the floors and blinds of the
hospital has been let and by the
time Dr. Kinnear returns we hope
he can take up his work in a clean
building. All these little things are
mere details and a home are mat-
ters of course, but here every innova-
tion of this sort is a pleasure and
wonder to our Chinese friends. It
is drawing to us a better class of
people. Pray for this branch of our
work, that God will make it the
means of reaching out and lifting up
these great numbers who come to
us in their distress.

My wife and I try to keep in touch
with each other's work. She has
been a big help in the hospital, and
has done far more for the patients
than I have been able to do for the
Kindergarten. I was glad be-
fore coming up to Keliang to

Frolaset
Frö La Say
Front Laced Corsets

"The Able Allies of Fashion"

Frolaset Front-Lace Corsets

The "FROLASET" CORSETS have many points of superiority
which insure correct style lines and at the same time absolute com-
fort.

We have been fortunate in securing the agency for these Corsets and in order to prove their points of
advantage to the ladies of Jacksonville and vicinity we have just equipped two fitting rooms.

Our Corsetieres will
be glad of the opportunity
to demonstrate the Fro-
laset--The new bust line,
the curved waist and other
distinctive features we are
certain will give YOUR
figure the desired lines.

There are no fad
features about the Fro-
laset but it is a strictly sty-
lish, strong Corset which
carries into effect the most
approved dictates of fash-
ion and conforms them to
the individual figure.

Your inspection is invited

EDISON DAY CONTEST FOR SALE OF MAZDA LAMPS BEGINS TODAY

Nation-Wide Contest for Boys and
Girls Gives Chance to Win Val-
uable Prizes—Railway & Light Co.
Has Charge Here.

In celebration of the 36th anniver-
sary of Thomas A. Edison's invention
of the electric lamp, October 21,
1879, a nation-wide prize contest for
boys and girls has been announced.
The total prizes amount to \$2,500
and the contest conditions are such
that boys and girls of this vicinity
may compete and stand an equal
chance of winning.

The contest is unique in that it is
a part of the annual celebration of
Edison Day throughout the country
and the prizes are awarded for the
replacement of carbon filament elec-
tric lamp bulbs by the newer types
of Edison Mazda lamps. The con-
test is backed by the Edison Lamp
works of the General Electric company.

The contest here is in charge of
the Jacksonville Railway & Light
company and to boys and girls tak-
ing part a commission will be paid
by the local company.

The Edison Day contest begins at
12:01 a. m. Tuesday, September 21st,
and closes at 12:00 o'clock midnight
on Thursday, October 21, 1915. The
first prize for boys is a \$275 Indian
Big-Twin Motorcycle; the first prize
for girls is a new type \$200 Edison
Diamond Disk Phonograph with \$75
in cash for records. There are thirty-
three valuable prizes in all and the
next two thousand on the list will
be given an Eveready Fountain
Pen Flashlight.

Contestants must secure suitable
contest cards from the local light-
ing company or agent handling Ed-
ison Mazda lamps. These cards are
distributed by the contestant to
friends and acquaintances who are
planning to exchange their old car-
bon lights for the new Edison Mazda
lamps, or to purchase new lamps.
Each new lamp is rated in "watts".
That is, on every lamp bulb is a
little "sticker" giving the number of
watts of current the lamp consumes
when burning. A watt counts as one
point in the contest. For example

The regiment was famous for its
work in Missouri, Louisiana and
Texas, clearing out the guerilla
forces of Quantrell, Jeff Thompson
and other noted bandits of the times
of the civil war. Comrade George
Paul was a member of this regiment
and expects to attend the reunion
tomorrow. He is the only survivor
that answered the roll call from his
company which was Co. B., excepting
Thomas Vrendenburg who was
captain of the company at the begin-
ning.

The company was organized in
Chicago, Aug. 21st, 1861 and returned
Jan. 5th, 1866. It was encamp-
ed at Brownsville, Texas, doing
guard and picket duty on the banks
of the Rio Grande river as the Mexi-
cans were then causing much trou-
ble. It was finally mustered out at
Camp Butler Jan. 6th, 1866, being
the last Illinois volunteer organiza-
tion to leave the service.

VISITING REBEKAH LODGES

Mrs. Myrtle W. Tandy, state pres-
ident of the Rebekah assembly, went
to Charleston Monday afternoon and
visited the lodge of Rebekah's there
Monday evening. Tuesday she will
go to Trilla to attend an Odd Fel-
lows association meeting and will
make the response to the address of
welcome. Wednesday she will meet
with the executive committee of
the State assembly in Springfield.

Miss Linnie Blevins of the dry
goods store of C. S. Hillierby, en-
joyed Sunday at her home in Man-
chester.

country teachers? Aw, go 'way-- It is the custom of the land to sweat
and starve that useful band!

an order for one 10-watt lamp would
credit the contestant with 10 points
in the contest. Four 25-watt lamps
give 100 points; six 60-watt lamps
360 points, and so on.

As soon as the contest is over, on
October 22nd, the Edison agent turns
in all the contest cards to the Ed-
ison Lamp works where they are sort-
ed and the total points entered for
each contestant. The boy or girl
whose cards total the greatest num-
ber of points wins first prize, the
next largest wins second and so on
down the list. Prizes to be distrib-
uted as soon thereafter as possible.

No prize will be awarded to any
employee of the General Electric
company or to any employee of any
electric lighting company or lamp
agent.

The boy or girl whose cards total
the greatest number of points wins
first prize, and so on through a list
of thirty-three valuable prizes.

CUTTING SCRAPE.

A cutting scrape occurred Sunday
but no arrests have been made and
the police have no official knowl-
edge of the affair. The victim was
O. T. Marshall yard man at the Dun-
lap hotel. The name of "Marshall's"
assault was not learned but it is
said that he hails from Missouri. The
trouble is alleged to have occurred
over twenty-five cents. Both parties
are colored. From what could be
learned from other parties it requir-
ed several stitches to sew up the
wound which was on the side of
Marshall's face.

ORGANIZERS HERE.

Ray Mauser, national organizer
of the Order of Owls, and his assist-
ants, J. M. Taubee and John W.
King, are in the city to take up or-
ganization work for the local
branch of the order. They will at-
tend the regular meeting this even-
ing and plans will be talked over
for the work.

EAST SIDE TUESDAY CLUB.

The East Side Tuesday club will
meet with Mrs. James Brown of
Routt street Wednesday afternoon.
The meeting was to have been held
this afternoon but was postponed
until Wednesday.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man
of Arlington, Ill., was a victim of
stomach and digestive troubles. He
went to a hospital for an operation
for another trouble. When he re-
covered from the operation he found
his stomach trouble worse and his
heart affected.

He took May's Wonderful Rem-
edy. He got his appetite back and
gained in strength right away. He
wrote:

"I owe you some words of congratu-
lation for your stomach remedy. I
could not eat anything but soft food
and the bloating from gas got so bad
that at one time I had a fainting spell
for three hours. I went to one of
your Chicago drug stores and got
your remedy. I took the remedy and
the next morning was relieved. I
am getting stronger and can eat any-
thing that comes along."

May's Wonderful Remedy gives per-
manent results for stomach, liver and
intestinal ailments. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get one
bottle of your druggist now and try it
on an absolute guarantee--If not sat-
isfactory money will be returned.

In Thousands of Homes

early and certain relief is found
for the ailments to which all are
subject--ailments due to defective
or irregular action of the stomach,
liver, kidneys or bowels--in the
most famous family remedy,
the world has ever known.

BEECHAM'S PILLS

are justly famous because they have
proved to be so reliable as correctives
or preventives of the sufferings, dull
feelings and danger due to indigestion
or biliousness. If you will try them
to cleanse your system, purify your
blood, tone your stomach, stimulate
your liver and regulate your
bowels, you will know why so
many rely on Beecham's Pills to

Insure Health and Happiness

EDUCATIONAL

Once fore the mills of learning grind, and fill with grist the youth-
ful mind. The boys and girls have come from play, to store a lot of
facts away in pigeonholes behind their ears, where
they'll be found in future years. All patiently
the teachers teach the freckled boy, the female peach,
expounding here the A B C, explaining there the rule of
three. It is the noblest work of all performed on this
old mundane ball, this showing kids the path that
leads to mighty thoughts and noble deeds. We all
know that, and so we pay the teacher "even bits a
day. We're free with coin to statesmen chaps who
hold down divers kinds of snaps; we hand them all
the wealth they want and pay their mileage when they
jaunt and all they give us in return is eloquence and
wind to burn. But hand out decent, living pay to
country teachers? Aw, go 'way-- It is the custom of the land to sweat
and starve that useful band!

BOSTON RED SOX TURN TIGERS BACK

HAVE LEAD OF MORE THAN FOUR GAMES.

Detroit Plays An Aggressive Game—Find Boston's Fielders Barriers to Progress Beyond Third Base Excepting in First Inning.

Boston, Sept. 20.—Turning the time today, three runs to two, the Boston Red Sox went into a lead of more than four games in the American League race. Detroit's pennant prospects were thus dimmed before a crowd which brought the total paid attendance for the four game series to 107,423, believed to be a record for any but world title contests. Vice-President Thomas R. Marshall was among the spectators. Detroit's was an aggressive game today. The Tigers got men on bases either on passes or hits, and forced them along by might of bat or bursts of speed, but except in the first inning found Boston's fielders barriers to progress beyond third base. In the opening inning, Ruth passed the first man and hit the next and with Cobb's sacrifice and Veatch's single the Tigers scored their only runs. They filled the bases in the eighth, Ruth developing another wild spell which forced his retirement but Foster struck out Baker and the side was out. At other times during the game it was Hooper's bullet like throws, Barry's handling of hard-driven rounders, or catches by Speaker that stopped Detroit runners.

After gaining a run in the first inning Boston went scoreless against Daus's pitching until the sixth. Then a pass to Speaker led to a run, when Lewis' drive bounded off Burns into right field for a triple.

When Lewis came in to the plate on Gardner's infield punch, he was called safe, although Catcher Stanage maintained that he had effectually blocked him from the plate.

TONY'S PITCHING WINS FOR CINCINNATI

REDS DOWN BRAVES BY SCORE OF 4 TO 1.

Boston Gets Only Three Hits—Hughes Pitches Fair Ball Except in the Third Inning—Pirates Blank Brooklyn.

Cincinnati, O., Sept. 20.—Tony's masterly pitching enabled Cincinnati to win from Boston. In the second inning Connolly doubled and after Maravino had been retired, Gowdy was intentionally passed and Hughes pitched fair ball with the exception of the third inning when he hit Groh who stole second and scored on Herzog's double. The latter scored on Griffith's single. Barnes, who relieved Hughes in the eighth was hit for a triple by Killifer who scored when Evers fumbled Herzog's drive.

Herzog stole second and third and scored on Griffith's out. **Score by innings:**
Boston 0 0 0 0 0 0 0 0 0 0
Cincinnati 0 0 2 0 0 2 4 0 0 0
Batteries—Hughes, Barnes and Whaling; Toney and Wingo.

Pittsburgh, 1; Brooklyn, 0.
Pittsburgh, Sept. 20.—Pittsburgh shutout Brooklyn today. Bob Harmon allowed the visitors only three hits and two bases on balls. The game was won in the seventh inning when Wagner doubled and scored on Baird's double.

Score:
Brooklyn 0 0 0 0 0 0 0 0 0 0
Pittsburgh 0 0 0 0 1 0 1 0 0 0
Batteries—Pfeffer and McCarty; Miller; Harmon and Murphy.

First Game:
Cleveland 1 0 0 1 0 0 0 0 4 6 4
Philadelphia 3 0 0 0 0 0 2 5 8 1
Collamore and Billings; Crowell, Eccles and Lapp.

Second Game:
Cleveland 2 0 0 1 0 0 2 0 5 4 2
Philadelphia 0 0 1 1 0 0 0 1 3 5 4
Garrett and O'Neill; Davis and

DAVENPORT DEFEATS MOLINE.
Moline, Ill., Sept. 20.—Gould and Selby were in fine form today, the former allowing but three hits and the latter four.

Davenport, however, had the better luck in placing hits and scored the only run of the game in the 8th inning.

The post-season series now stands Moline 3; Davenport, 2.

Score:
Davenport 0 0 0 0 0 1 0 1 4 2
Moline 0 0 0 0 0 0 0 0 2 1
Batteries—Gould and Meyers; Selby and Dobbins.

Pittsburgh shut Brooklyn out yesterday winning by a score of 1 to 0. Harmon held Brooklyn to three hits. In the seventh Pittsburgh scored the only run of the game on Wagner's double and Baird's single.

Washington beat St. Louis yesterday by a score of 2 to 0. Dumont, a recruit, worked for Washington and held St. Louis to two hits.

EAGLES WON SUNDAY'S GAME FROM VIRDEN

Contest Was Devoid of Features—Final Score 4 to 1.

Jacksonville and Virden played a slow game of ball Sunday afternoon at Nichols park, the locals winning by a score of 4 to 1. The game was utterly devoid of features. No fielding stunts were pulled off that were worthy of mention. Neither pitcher seemed to have much to baffle the batsmen. Taken all in all the contest was one of the most lifeless that has been played this season. About the only redeeming feature was that Jacksonville won.

The interest was taken out of the game from the first. Virden showed up with seven men and had to muster in recruits, Johnson and Recker were the recruits and they did as well as any of the regulars. Each pitcher was touched for nine hits and each walked three men. White struck out 9 and Johnson 7.

Cincinnati, 4; Boston, 1.

Federal League.
Kansas City, 2; Brooklyn, 10.
Pittsburgh, 4; Buffalo, 2.
Chicago-Newark—Wet grounds.
Other not scheduled.

Boston beat Detroit yesterday and practically clinched the American league pennant. The Red Sox came from behind and won in the sixth inning when the Tigers were one run to the good. The victory gives Boston a lead of more than four games and with about three more weeks to play it seems that it will be impossible to overhaul them.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

For the Summer

An exceptionally fine line of fabrics for men's summer suits. Light weights, but durable qualities. You will find our workmanship unsurpassed and prices very reasonable.

RUSSELL BOY AND VOLGA ARE WINNING FAVORITES

ILLINOIS OWNED PACER TAKES KING STAKE.

Does Three Miles Around 2:03—Volga Sets a Year's Record for Two Year Old Trotters With Heats in 2:11 3-4 and 2:09 3-4.

Columbus, O., Sept. 20.—Russell Boy, Illinois-owned pacer, and Volga, owned by the Pastime Stable of Cleveland, were winning favorites at today's opening of the Columbus Grand Circuit races. Russell Boy over a track that was not on edge, did three miles around 2:03, in taking the King stake, while Volga set a year's record for two year old trotters with heats in 2:11 3-4 and 2:09 3-4, when she won her division of the Horse Review Futurity. In her last heat when she entered the 2:10 list, Volga finished easily four lengths ahead of Walnut Tree.

Nineteen starters in the 2:11 trot made the field the largest that the Grand circuit has known for nine years. Duchess the first choice won the first heat and was able to step away from everything but Vaster in the next two.

The Winnipeg gelding took them by scant heads, but the final one was not so closely contested. Bessie R., an Indiana half miler, came out in the 2:14 pace. She took the first two heats, getting the earliest one in 2:05 1-4 without being extended. Camella the first choice got a flying start in the third heat and managed to ward off Dwight Logan beside her all through the stretch. Bessie R. cut off at the start finished fourth.

The race had to go over until tomorrow.

2:11 class trotting, 3 in 5. Purse \$1,200.

Vaster, (Ragsdale) 9 1 1 1

Duchess, (McDonald) 1 2 2 6

To beat 2:19 1-4 trotting.

The Marquee, bh, by Moquette (Hebison) won.

Time—2:12 1-4.

RED SOX AND PHILLIES SEEM TO BE WORLD'S FLAG CONTENTERS

Boston is Now Four and One-half Games Ahead of Detroit—Phillies Have a Five Game Lead.

New York, Sept. 20.—Unless either or both teams now leading the two major leagues experience a decided slump in the last few days of the campaign it seemed very probable tonight that the world's series this year would be played between the Boston Americans and Philadelphia Nationals thus reversing the program of last year when the Boston Nationals and the Philadelphia Americans decided the world's championship. The Boston Americans by winning from the Detroit Tigers again today, took three out of the four games of the series and now are four and one half games ahead of the Tigers. The Red Sox now have sixteen games to play, while the Tigers have to play twelve. With the comfortable lead, Carrigan's men have now they can afford to lose five of the sixteen games and still win the pennant even should the Tigers win every one of their twelve games. Both will play comparatively weak teams for the remainder of the season. Cleveland comes to Boston tomorrow for three double headers in as many days while Detroit goes to Philadelphia to play the tail-end Athletics until Saturday.

Although the Philadelphia Nationals were unable to play today on account of rain, Boston and Brooklyn, who are now tied for second place, failed to embrace the opportunity to gain on the leaders. The Phillies now are five games ahead and the only hope of the Braves and Superbas is that they will be able to prevent the Phillies from increasing this margin until the pace-makers come east to play a four game series with both Boston and Brooklyn.

Roy Scott has entered the employ of the Iten Biscuit company as traveling salesman and with an official of the company began his new work in the city yesterday. The company is located in Des Moines, Iowa, and has various branches throughout the west.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through girlhood, wifehood and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial. Adv.

COLLEGE OF MUSIC NOTES.

The College of Music opens this year with a greatly increased enrollment over last year and the prospects for a record season are very bright.

A number of the old teachers are back again. The only new face on the faculty being Miss Lazelle in the voice department.

A large number of students from last year have returned and are taking up their work and a particularly gratifying feature of the enrollment is the entering of a goodly number of students for a regular course in the College of Music, either for the Public School music certificate, the teachers certificate or the Bachelor of music diploma.

The violin class shows a notable increase over last year and in its size and quality, augures well for the College Orchestra.

There are a large number of excellent voices enrolled in the vocal department and the prospects for an excellent Madrigal Club are very good.

Several of last year's students have positions to teach for this year. Miss Ima Berryman is teaching Public School music in Griggsville. Miss Helen Kendall has a large class of pupils in and near her home at Ridgefarm. Mary Louise Whiteley is teaching in Savannah, Ill., and is playing the organ in one of the churches in the town. Miss Winifred Sale played with distinction in the Methodist church at Watska, Ill. Miss Edith Hillierby spent the summer at Bay View, Michigan and was organist for the orchestra there; also, substituted for the regular organist for two Sundays in Petosky; Miss Beulah Smith continued her study with Mrs. Day during the summer and Mrs. Katherine Saroll has been in Chicago singing for some of the leading managers.

WILL OF DR. BLACK FILED.

The will of the late Dr. Greene V. Black was filed in the office of the county clerk Friday for probate. The will was drawn Nov. 29, 1909, and the executors named in the will are Dr. Carl E. Black of Jacksonville and Dr. Arthur D. Black of Chicago. The witnesses to the testator's signature are Eugene S. Willard, 4336 Champlain Ave., Chicago; George B. MacFarlane, Morgan Park, and Luanna H. Baker of Riverdale. The first clause of the will provides for the payment of any debts there may be against the estate and for the erection of a suitable monument. Then all property of whatever kind is bequeathed to Dr. Carl E. Black and Dr. Arthur D. Black to handle in trust. It is directed that they shall have authority to sell the property and reinvest or take any other action which in their judgment is proper. They are to pay over the returns from the estate to Mrs. Elizabeth Black, widow of the deceased, during her lifetime. After the death of Mrs. Black the property is to be divided share and share alike among the four children of the deceased. Dr. Carl E. Black, Jacksonville; Miss Clara Black and Dr. Arthur D. Black of Chicago, and Mrs. Margaret O. Baldwin of Duluth, Minn.

A PAINFUL ACCIDENT.

A short time since Luther Lashmet of this city went to Petersburg to attend to the construction of a concrete bridge and while at work on it Monday morning the platform which supported the concrete gave way and caught the second and third fingers of the young man's right hand, smashing them so they had to be amputated at the first joint.

He was brought to the city and Dr. J. A. Day attended to the wound which is very painful and will disfigure Mr. Lashmet's right hand materially the rest of his life.

The family have been rather unfortunate of late. Only a few weeks ago Luther's mother tripped and fell, breaking her right arm above the elbow.

Peter Roberts of Franklin was calling on Jacksonville merchants yesterday.

Vest Pocket Essays By GEORGE FITCH

Author of "At Good Old Slivash."

AMERICAN UNIVERSITIES—WASHINGTON STATE

The state University of Washington is so new that most of the chairs in the faculty still smell of varnish.

It was established over fifty years ago when the state of Washington was populated almost exclusively by pine trees, and up to fifteen years ago it was one of the 794 also-rans in American college life.

It ranked with Millsaps, Occidental, Muskingum and other quiet retreats of learning, and an Eastern college man couldn't have found it in an Atlas eight feet wide.

About that time, Seattle began to leap lightly to the front in the census returns and Washington University leaped with it. Seattle held an exposition and gave it to the University when it closed. This provided a large number of buildings and twenty trainloads a day of incoming settlers provided the necessary football material.

The University of Washington now

city administration short of four years.

The referendum is just about as valuable. Much stress has been laid on this phase of the subject, as related to public service companies. We can arrive at a better understanding of it also, as with the recall, by comparison and illustration.

Suppose the city officials should come to some agreement with the local utilities company, to give them a franchise on the basis of 80 cent gas and 8 cent light, submit the proposition and have it adopted by referendum. Does any one think the action would stand if the company desired to have it changed, even though it should have been adopted unanimously? It certainly would not. For the Utilities commission, on petition of the company, could double the rate if they so desired. Moreover they are the final arbiters. The public has no power to change their decisions, no means of redress.

Thus, we are left with but one of the elements of direct government—democracy, if you will, the initiative. And this we have under every form of city, county and state government. But without the other two it is of but little value.

Those who deceive themselves in thinking that the referendum and recall are actual features of the commission form, who worship the shroud, after decomposition has reduced these forms to their original elements, are welcome, but we do not propose to longer chase illustrations.

Then, too, while chasing chimeras, we had almost begun to feel respectable. In the merging of supposedly common interests, we came near to losing the identity gained by resistance to the grinding of private axes on the public stone. This would have been a great calamity.

Very truly,

Geo. Smith.

JUSTICE COURTS

Mrs. Augusta Waggoner was arrested late Monday afternoon by Constable D. J. McCarthy on the charge of assault and battery. This warrant was sworn out by her husband, Thomas Waggoner, before Justice Henderson. Mr. Waggoner alleges that the assault occurred at the residence on West College street Monday morning. The Waggoners were married last February and their domestic life appears to have been rather stormy.

Let us see if this is true. In order to institute a recall, signatures to the amount of fifty-five per cent of the votes cast at the last preceding election must be on the petition. This makes the recall of any official all but impossible. But, even if it were possible to secure the signatures, it would be impossible to recall any, or all of the officials. This is true because the law provides that, five days or less after the petition has been filed, those against whom the recall has been instituted can resign, their places be filled by appointment, and no election held.

Let us, therefore, cite an extreme case. Suppose the people should attempt to recall the mayor and all of the commissioners. Two days, let us say, after the petition had been filed, two of the commissioners could resign and their places be filled by appointment. The next day the other two commissioners could resign and their places be filled by appointment by two commissioners that had been appointed, and the mayor that had been elected. On the next day the mayor could resign and the place could be filled by appointment at the hands of four commissioners that had not been elected and who, perhaps, the people did not want. Then the election would not be held for the purpose for which it was called would have ceased to exist.

Furthermore, if some of the citizens should be so devoid of respect for these officials as to be unwilling to tolerate an administration that came into power by such methods, if any of them should feel that they had been "dry picked", become peeved and institute a recall against them, they, in turn, could perform the same trick. They could reappoint all of the former administration. Bear in mind that no official, whether elected or appointed, can be recalled short of one year—even if they did not resign. That is certainly a beautiful recall! It would be utterly impossible to change the

city administration short of four years.

The referendum is just about as valuable. Much stress has been laid on this phase of the subject, as related to public service companies. We can arrive at a better understanding of it also, as with the recall, by comparison and illustration.

Suppose the city officials should come to some agreement with the local utilities company, to give them a franchise on the basis of 80 cent gas and 8 cent light, submit the proposition and have it adopted by referendum. Does any one think the action would stand if the company desired to have it changed, even though it should have been adopted unanimously? It certainly would not. For the Utilities commission, on petition of the company, could double the rate if they so desired. Moreover they are the final arbiters. The public has no power to change their decisions, no means of redress.

Thus, we are left with but one of the elements of direct government—democracy, if you will, the initiative. And this we have under every form of city, county and state government. But without the other two it is of but little value.

Those who deceive themselves in thinking that the referendum and recall are actual features of the commission form, who worship the shroud, after decomposition has reduced these forms to their original elements, are welcome, but we do not propose to longer chase illustrations.

Then, too, while chasing chimeras, we had almost begun to feel respectable. In the merging of supposedly common interests, we came near to losing the identity gained by resistance to the grinding of private axes on the public stone. This would have been a great calamity.

Very truly,

Geo. Smith.

JUSTICE COURTS

Mrs. Augusta Waggoner was arrested late Monday afternoon by Constable D. J. McCarthy on the charge of assault and battery. This warrant was sworn out by her husband, Thomas Waggoner, before Justice Henderson. Mr. Waggoner alleges that the assault occurred at the residence on West College street Monday morning. The Waggoners were married last February and their domestic life appears to have been rather stormy.

Let us see if this is true. In order to institute a recall, signatures to the amount of fifty-five per cent of the votes cast at the last preceding election must be on the petition. This makes the recall of any official all but impossible. But, even if it were possible to secure the signatures, it would be impossible to recall any, or all of the officials. This is true because the law provides that, five days or less after the petition has been filed, those against whom the recall has been instituted can resign, their places be filled by appointment, and no election held.

Let us, therefore, cite an extreme case. Suppose the people should attempt to recall the mayor and all of the commissioners. Two days, let us say, after the petition had been filed, two of the commissioners could resign and their places be filled by appointment. The next day the other two commissioners could resign and their places be filled by appointment by two commissioners that had been appointed, and the mayor that had been elected. On the next day the mayor could resign and the place could be filled by appointment at the hands of four commissioners that had not been elected and who, perhaps, the people did not want. Then the election would not be held for the purpose for which it was called would have ceased to exist.

Furthermore, if some of the citizens should be so devoid of respect for these officials as to be unwilling to tolerate an administration that came into power by such methods, if any of them should feel that they had been "dry picked", become peeved and institute a recall against them, they, in turn, could perform the same trick. They could reappoint all of the former administration. Bear in mind that no official, whether elected or appointed, can be recalled short of one year—even if they did not resign. That is certainly a beautiful recall! It would be utterly impossible to change the

Every fifth roll is Certain-teed

The General says:—

"There are different ways of speculating—and one of the easiest ways to burn up your money is to buy an unknown grade, a 'just as good' grade on a fake-guaranteed grade of roofing."

Certain-teed

A man without money or responsibility can "guarantee" anything without running any financial risk—but when you as the purchaser of roofing—that's the maker of **Certain-teed** Roofing puts why you should insist on **Certain-teed**.

his big manufacturing plants behind his guarantee, it means something to you as the purchaser of roofing—that's why you should insist on **Certain-teed**.

SCHOOL BOARD WILL CO-OPERATE

AGREE TO AID IN CONDUCT OF OPEN AIR SCHOOL.

Members Submit Contract to Be Made With the Morgan County Anti-Tuberculosis Society—Action taken on Children Living in One Ward and Attending School in Another Ward.

A meeting of the Board of Education was held Monday afternoon, all members being present. The call was read by Clerk Pyatt, the purpose of the meeting being to take action on the resolution presented by the Morgan County Anti-Tuberculosis League relative to the Open Air school building and the question of pupils in one ward attending school in another ward.

The resolution by the Anti-Tuberculosis league was presented by Member Wells and after its acceptance was voted unanimously, it was moved and seconded that the contract to be submitted to the Anti-Tuberculosis league, based on the resolution presented by the league be accepted. The same carried without a dissenting vote. Some phases of the contract were discussed by the members briefly.

The question of pupils from one ward attending school in another ward was presented in the form of a resolution by Member Imgrund and the same was voted and carried.

Resolution of League.

The following was the resolution of the Anti-Tuberculosis league:

Whereas, The Morgan County Anti-Tuberculosis League desires for the benefit of sub-normal children an open air school and the School Board of Jacksonville desire the same and has asked this society to co-operate in maintaining said school, therefore

Be It Resolved, That the Morgan County Anti-Tuberculosis league co-operate with the School Board on the following basis, that our open air school committee be authorized to offer help as follows:

The Anti-Tuberculosis League will pay the rent of the building occupied and the open air school may use it as is necessary.

The league will also provide for telephone, light, water, ice, and one-half of the food for children provided it does not exceed the average per capita costs of last year; namely, 61-4 cents per child per day.

Also give services of clinic physicians for examinations of children admitted to and dismissed from the open air school and also furnish listed outfit. The league respectfully ask the school board that the school nurse be a registered nurse with experience in school nursing. Also request that the board allow the league the opportunity to engage the co-operation of the school children in the sale of Red Cross seals, since this sale is the society's main source of revenue in providing funds for their work.

The Contract.

The following is the contract of the Board and the Anti-Tuberculosis league:

This agreement entered into, this twenty-first day of September, by and between the Morgan County Anti-Tuberculosis League, party of the first part, and the Board of Education of the Jacksonville School District, party of the second part; both of the City of Jacksonville, County of Morgan, State of Illinois:

Witnesseth: That whereas the party of the first part, and the party of the second part have been maintaining an Open Air School for the benefit of sub-normal children.

And whereas, Both of said parties are desirous of said Open Air School being continued,

Now, therefore be it resolved, that both of said parties agree to the following terms:

First—That said first party will pay the rent, telephone, light, water, ice and one-half of the food used by the children in said school, located at 309 1-2 West State street. However, with the understanding that it will not exceed the average per capita cost of last year, namely: six and one-fourth cents per child per day.

Second—That the party of the first part will furnish for the use of the Open Air School the articles as per attached sheets.

Third—That said first party will give the services of the clinic physicians free for the examination of children to be admitted to, and while attending said Open Air School, and until they are dismissed therefrom; which dismissal will take place through said clinic physician; by notifying the superintendent of schools, through the Open Air School teacher, Miss Laura Hammond. However, with the understanding that no child shall be sent to the clinic until the parents of said child have been given an opportunity to have their child examined by their family physician.

Fourth—That said second party agree to furnish and pay for the teachers, and for the special hygiene teacher—and for the cook who also is to do the janitor work, employed in the said Open Air School.

Fifth—That said party further agrees that said hygiene teacher shall be also an experienced and registered nurse, and have some knowledge of the social question, and be in sympathy with the movement for bettering the condition of sub-normal children.

Sixth—That said second party further agrees that they will continue to occupy the same space in the Open Air School building heretofore occupied by them, and that they will purchase all of the food for said children, and render a bill for the same on the basis heretofore agreed upon, with the understanding that said first party will pay each bill so rendered by said

second party on or before the tenth day of each following month.

Seventh—It is further agreed that the length of this contract be during the school of 1915-1916.

Where to Attend School.

The following were the rules adopted relative to pupils attending school in ward where they do not reside:

Whereas, there seems to be some uncertainty in regard to the conditions under which a pupil living in one of the school wards of Jacksonville, Ill., may attend a school in another ward of the said city:

And, Whereas, these conditions should be made perfectly plain to the Board of Education for the benefit of the people and the superintendent of schools:

Now, Therefore, be it resolved, that we, the Board of Education, favor and adopt the following rule:

All boys and girls living in any school ward of the city of Jacksonville, Ill., in their first or second year of school, may be permitted to attend a school in another ward, provided, the superintendent of schools, in his judgment, should think it to be to the best interest of the pupil and the school. And in all cases, where the boys or girls have passed the first or second grades and are eligible for the third grade or higher, they must go to school in the ward in which they live unless such person should be suffering from some permanent deformity, where it would work a great injustice upon him to go to the ward in which he lives, then it would be discretionary with the superintendent of schools where such a person attended school.

FUNERALS

Massey.

The funeral services of Miss Minnie Massey were held from the family home southwest of the city Sunday afternoon at 4 o'clock. There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased. The services were in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. At the request of the deceased no eulogy was given. She also selected the passages of scripture she wished read and also the text for the last sermon.

In accordance with her wishes Mr. Pontius read 21 Revelations and the 23 Psalm. The text was from 2nd Samuel 12-23. "I shall go to him but he shall not return to me." These are the words of David spoken regarding his son.

Mr. Pontius dwelt on the beautiful Christian life of the deceased during all of her years of suffering which she bore with Christian fortitude. Her death was a triumphant Christian death. This was indicated by the many messages of love she left for the members of the family.

The main thought of Mr. Pontius' sermon was that a life of the character of the deceased lives on in its influence here. It lives on in the spirit world and in its own immortality. Mr. Pontius also read the following poem:

The flowers that bloom through the summer,
In the autumn will be dead;
And all winter long 'neath the cover of snow
Their beauty will be hid.
But when the bright springtime comes,
To waken them from their sleep,
Their beauty again will appear,
Their soft petals again will be sweet.

So it is with the people;
For when God sees best,
After their summer of ceaseless bloom,
He will give them a winter rest.
He will cause the autumn winds
To make them droop and die;
And we will long for those beautiful flowers,
As the winter days go by.

But the Springtime, too, will come to them,
And God will waken them all;
O, then, how pure and sweet and holy
They will bloom to answer His call!
God will be the Gardener,
In that Great Garden of flowers,
And all the time of eternity
Will be filled with Bright Summer-time hours."

Music was furnished by a quartet composed of Miss Cora Graham, Miss Edith Carlson, Messrs. T. H. Rapp and W. W. Gilham.

There were many beautiful floral offerings. These were cared for by Miss Adele Heintz, Mrs. F. O. Ranson, Mrs. Steve Bergschneider, Mrs. Will Davis.

Interment was in Diamond Grove cemetery and the bearers were: Frank Mawson, H. C. Massey, Ott Sadler, Henry Sibert, Denby Killam and Arthur Reeve.

REGISTRATION AT ILLINOIS COLLEGE

Registration in all departments of Illinois College, including Whipple academy and the Conservatory of Music, Monday and Tuesday, Sept. 20 and 21.

BIG CHEMICAL EXHIBITION.

New York, Sept. 20.—For the first time in American history there will be opened today at Grand Central Palace a public exposition of the work and products of the chemical industries of the United States. That national defense is primarily dependent on the chemical industries is the claim of the experts who arranged the show. The exposition of American chemicals will last all through the week, and there will be speakers representing the government, and manufacturers, and the scientific societies.

HOUSEHOLD SCIENCE CLUB.

The September meeting of the Household Science Club will be held today at three o'clock with Miss Hughes, 873 West State street.

WILL GIVE BANQUET FOR AGOGA SUNDAY SCHOOL CLASS

Winner in Contest as to Membership and Attendance at the First Baptist Church Will Be Honored Thursday Evening.

The contest for membership and attendance in the Sunday School of the First Baptist church has come to a close, the victory being won by the Agoga class. In honor of the event, a banquet will be given by the Baraca and Jacksonville classes Thursday night at 6:30. The program committees is composed of Charles Story and Rev. Percy W. Stephens. The program will include an address by Carl E. Robinson, remarks by Carl H. Weber, Rolla H. Tanner, presidents of the classes and the pastor. William Lurton will sing a solo and there will also be other music.

The banquet committee is composed of L. B. Turner, J. A. McLaughlin and J. N. Hurst. A ladies society of the church will serve the banquet. The leaders of the Baraca class is Charles Story, of the Jacksonville class Rev. Percy W. Stephens and of the Agoga, Guy Gard.

REGISTRATION AT ILLINOIS COLLEGE

Registration in all departments of Illinois College, including Whipple academy and the Conservatory of Music, Monday and Tuesday, Sept. 20 and 21.

REV. T. H. MARSH MAY ACCEPT DECATUR CALL

The following is taken from the Monday issue of the Decatur Herald relative to Rev. T. H. Marsh:

"Dr. T. H. Marsh, of Aurora, who has been issued a call to become pastor of the First Baptist church in Decatur, preached to two large congregations in the First church Sunday. The congregation is greatly pleased with the man. Although Dr. Marsh has made no formal announcement of his coming to Decatur, it is believed that he will accept the call. Should he come, it will Nov. 1st before he can take up his work here.

"The delay in his coming to Decatur is caused by the State Baptist convention which meets in Dr. Marsh's church in Aurora the third week in October. It is expected that several from the Decatur church will attend that convention, although they have not yet been selected.

HAVE RETURNED HOME.

Dr. and Mrs. David Reid have returned from Cleveland, Ohio where Dr. Reid attended the clinics of Dr. George W. Crile and other clinics, giving special attention to the use of administering anaesthetics. Mrs. Reid spent part of her time visiting with relatives and friends in Buffalo, New York.

WINCHESTER

Mrs. Madge Sanderson, who has been visiting relatives and friends, has gone to Chicago.

Oscar Reutske and Prof. and Mrs. J. B. Hendrix and daughter of White Hall were visitors in Winchester Sunday, making the trip in Mr. Reutske's Cadillac car.

Joseph Grant arrived in Quincy Sunday to visit with relatives and friends.

Rev. T. W. Caseley returned home Sunday from Mahomet, Ill. where he attended a funeral.

Fred Woodall will leave today for Delefield, Wis. where he will study in the military school of that city. This is his second year there.

Mr. and Mrs. Frank Mason and Miss Caroline Coultas have returned from a short visit in Chapin.

Mr. and Mrs. Carl Nelson and daughter Dorothy have gone to Irving, Ill. to visit with Mrs. Nelson's parents, Dr. and Mrs. W. S. Gibson.

Mrs. Charles Condit left Monday noon for a visit with relatives in Beardstown.

The following officers were chosen by Premier lodge, I. O. O. F. Vice Grand—Frank Mason.

Recording secretary—Henry Higgins.

The installation will be held in October.

Mrs. Chester Brownlow has gone to Beardstown for a visit with relatives and friends.

Harry Lashmet and Paul Metzger left Sunday for Quincy where they will attend a business college.

ILLINOIS COLLEGE CONSERVATORY OF MUSIC

Registration at office of Director Kritch, Academy Hall, Monday and Tuesday, Sept. 20 and 21. Students wishing to reserve time for instruction in piano, organ, violin, voice, cello, theory, etc., should register on these days.

JOY RIDER LANDS ON HEAD.

While four joy riders were exceeding the speed limit Sunday afternoon one of them was thrown from the car and landed on his head. He was unconscious for several minutes and was attended by Dr. A. M. Kind who patched him up and his companions took him home. The men were riding in an old car and in turning the corner at the intersection of East College and South Main streets struck a hump and one of the men who was riding on the fender was hurled about ten feet in the air with the results as above stated.

TWO WERE ARRESTED.

Charles Daley and Bessie Peyton were arrested by the police on a statutory charge. They gave bond for their appearance before Justice Dyer at 10 o'clock this morning.

RE-UNION OF BLACK FAMILY HELD SUNDAY AT LITERBERRY

Sixty Persons Attend Gathering at Home of J. A. Liter—Six Present Who Have Passed Seventy-Fifth Birthday.

A reunion of the six surviving children of the late Mr. and Mrs. Samuel Black, all of them more than seventy-five years of age, their children, grand children and great grand children, was held Sunday at the home of Mr. and Mrs. J. A. Liter in Literberry. Every member of each of the four generations was present, and in all there were about sixty. The six who have passed their seventy-fifth birthdays are: S. W. Black, John M. Black, Mrs. Sarah Sharp, Mrs. S. T. Maddox, Mrs. M. J. Self, and Miss Martha Black, all of Jacksonville.

An elaborate three course dinner prepared by Mrs. H. D. Crum, Mrs. E. A. Liter, Mrs. J. E. Underbrink and Mrs. O. E. Crum, was served by these ladies and their husbands, and a very delightful day was spent socially.

Those in attendance were: Mr. and Mrs. S. W. Black and daughter, Irene; Dr. and Mrs. George E. Baxter and son; Mr. and Mrs. Charles Black and family; John M. Black; J. W. Black; J. R. Black and family; Mrs. Sarah Sharp; Mr. and Mrs. George Stout; Ernest Stout; Miss Edna Stout; Mr. and Mrs. Tilmann Stout and son Donald; Mr. and Mrs. S. T. Maddox; Mr. and Mrs. C. W. Cully; Miss Edith Tichnor; Mrs. M. J. Self; Miss Martha Black; Mrs. Nathan Pervines and daughter Madge; Mr. and Mrs. J. A. Liter; Mr. and Mrs. H. D. Crum; Mr. and Mrs. Robert Hopper and son; Mr. and Mrs. J. E. Underbrink and daughter Mildred; Mr. and Mrs. O. E. Crum; Mr. and Mrs. Edward Liter and Henry Underbrink of Bath.

GAY'S RELIABLE HARDWARE.

MINISTERIAL ASSOCIATION HOLDS SEPTEMBER MEETING

Members of the Jacksonville Ministerial association held their September meeting Monday forenoon in the reading room at the Y. M. C. A. Secretary Snyder outlined a plan for gospel team work and for Bible study groups among men and boys, soliciting and securing the hearty co-operation of the ministerial body. A plan was formulated for hospital visitation and hereafter out of town patients at Passavant hospital may receive the visit of a minister once each week.

The next meeting of the association will be held the first Monday in October.

HOME COMING DAY BRINGS MANY TO CENTRAL CHRISTIAN CHURCH

Bounteous Basket Dinner at 12:30 O'clock is Followed by Service in Afternoon—Addresses by Rev. Mr. Pontius and Mr. DePew.

Sunday School work and its importance, by C. L. DePew and the Missionary Convention of the Disciples of Christ and incidents of a western trip, by the Rev. Myron L. Pontius, formed the theme of two interesting addresses Sunday afternoon at the Central Christian church home coming service. Music by the Centenary church orchestra began the service and all were pleased with the half hour concert of appropriate selections. Many members of the congregation from over the county were present at the big basket dinner at 12:30 o'clock, served in the dining room picnic fashion. Estimates place the number of those who dined above the five hundred mark.

Very successful was the regular forenoon service which preceded. Six persons united with the church at the close of a brief but earnest sermon by the pastor.

By the courtesy of automobile owners, many were brought to the church from over the city who, on account of age or delicate health, are not accustomed to attend. Members of the Pastoral Helpers had general supervision and attended to the comfort of the guests. Baskets were brought by each family and for the large number which partook there was more than enough.

The progressive Sunday school organization of Canada and the northwest were mentioned by Mr. DePew in his afternoon address. The value of the Sunday school was emphasized by reference to the great work for good done by the American association of bill poster advertisers. The president of the association gave \$50,000 and others brought the amount to \$100,000—a sum for Sunday school advertising. Last Christmas pictures of Jesus in the manger with the admonition, "Ask your Sunday school teacher about it," were placed on bill boards in every city in the country. A similar poster appeared at Easter and others have been sent out from time to time. This was done, said Mr. DePew, out of recognition of the Sunday school's value in the improvement of morals and the bettering of the nation's business.

Can be filled by you when you get your training in Brown's Night School. Start tonight.

RECITAL GIVEN BY PUPILS OF PROF. L. FOSTER HITTE

BAPTIST CHURCH NOTES.

The Amoma class of the Baptist Sunday school held their quarterly meeting at the church last night. The teacher of the class is Mrs. A. B. Williamson, president Miss Mary Laurie. Refreshments were served. The Ladies Aid society of the First Baptist church met last night with Mrs. Hart on West State street.

The Advisory board of the church will meet Wednesday evening at 8:30 o'clock after the regular mid-week prayer service. A full attendance is desired.

PREACHED "BOOZE" SERMON.

An interesting feature of the First Baptist church evening service Sunday was the distilling of a bottle of beer by the pastor. Chemical apparatus loaned by Illinois college was used in extracting the alcohol which was burned in a porcelain dish. The pastor's subject was "Belshazzar and Booze". Mr. William Lurton sang "The Country is Going Dry" to the tune of "The Battle Hymn of the Republic". All joined in the chorus "Glory, Glory, Hallelujah, the Nation's Going Dry".

THE CORRECT

New Fall Fashions

FOR MEN AND YOUNG MEN

You can procure and wear the same clever garments as demonstrated in our windows---by Mr. Shale, the famous "Perfect 36."

The Society Brand Clothes are designed, tailored and fitted more critically than any other make of clothes for Young Men in America.

Let us give you a personal demonstration on your own figure.

MYERS BROTHERS.

THIS IS "BED TIME"

with us We have just finished unloading a car load of the celebrated SIMMONS' FEATHER WEIGHT STEEL BEDS, with a fine line of all steel guaranteed springs to fit the beds.

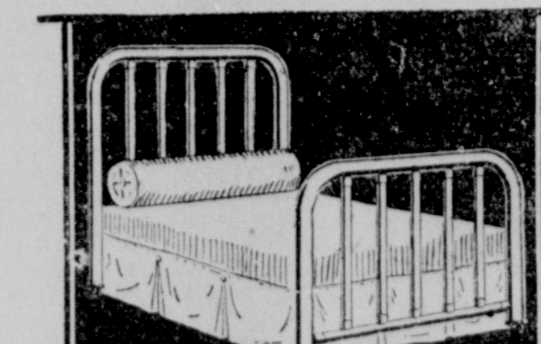

We Want All Our Customers to Know
This Line of Beds,

for they are as great an improvement over the common iron beds as the iron bed was over the old style wood bed. The quality for which our store is noted is reflected in these beds.

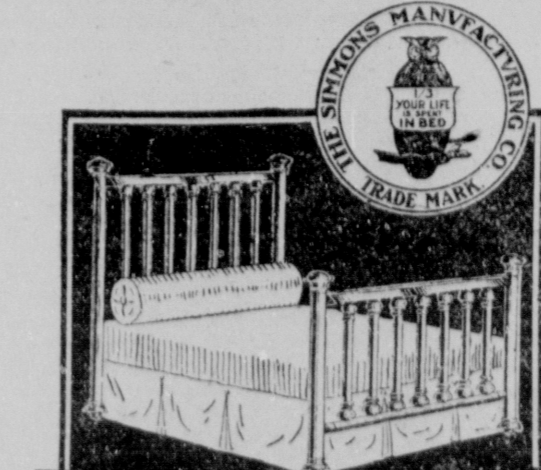

SIMMONS BEDS.

This Brass Bed, has 2 inch pillars, 1 1-4 inch fillers in head and foot and square 1 1-2 inch top rails. Heavy, permanent lacquer. Satin or bright finish. Many other styles.

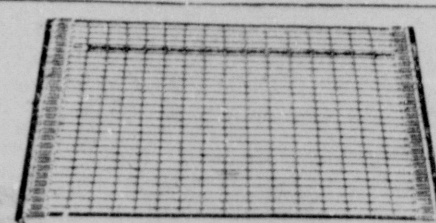

SIMMONS BEDS.

The Simmons Cold-Rolled Burnished Steel Bed, the lightest and best furnished bed made, is constructed of the new steel light-weight Simmons steel tubing. Head and foot fillers cold-fitted into electrically welded sockets. Great value \$8.50

SIMMONS SAFE CRIBS.

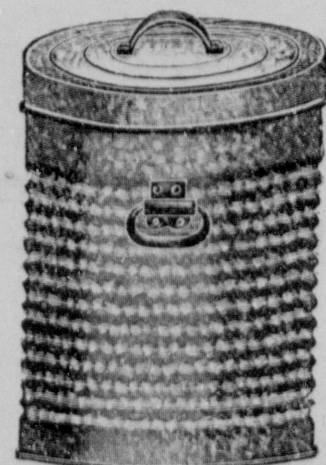

Simmons Safe Cribs are made with high sides to keep baby from falling over, and closely set upright filler rods, have Simmons helical-suspended spring of easy tension—comfortable for the little one.

SIMMONS FABRIC SPRING SIMMONS NON-SAG SPRING.

"The Spring with a backbone." Guaranteed by the maker for 25 years—backed by the reputation of the world's largest bed manufacturer \$5.50

High tension helical spring attached to smoothly finished steel, end angles support the spring fabric in such a way that sagging is impossible at any time. The spring is six inches above the side rails. Will support a 35-lb. weight on one side, and a 350 lb. weight on the other and the center remain taught and level. The most comfortable spring made. Other springs of the Simmons make all steel, \$2.50 as low as \$2.50
